(Excludes Class 4 and Legal Trail Mileage)

Mileage Note: There is a discrepancy between the official mileage of Class 2 TH-9 and the inventory length. The official mileage has been recorded on previous town highway maps as 5.17 miles and the mileage of Class 2 TH-9 as recorded on the VTrans route logs is 5.08 miles. The Mapping Unit believes the official mileage needs to be reduced to match the actual length of the highway and a new inventory is necessary. To better reflect the true length of the highway, the mileage depicted on the map between intersections totals 5.08 miles, although the mileage summary carries the official mileage of 5.17.
