Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your village were measured in 1981 by Mr. Smith, Village Manager, and Mr. Chabot, Road Inventory Chief of this office.

Enclosed is a map of your village. As indicated by Mr. Chabot, Road Inventory Chief, there are no changes in your town highway mileage this year.

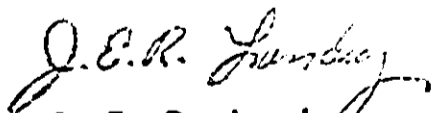

We are also forwarding the Mileage Certificate for your village for the year ending February 10, 1982. For your convenience, we have entered the previous mileage and changes that were brought to our attention during the past year. Any other changes in Class 3 or Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the enclosure (ENCLOSURE 1).

Please refer to the second form (ENCLOSURE 2) for specific instructions relative to the "SCENIC HIGHWAY MILEAGE" portion of your Mileage Certificate.

All copies of the Certificate must be completed and sworn to before a Notary Public. One white and two yellow copies of the signed and completed Certificate should be returned to this office no later than February 15, 1982. The designated representative of the Agency of Transportation will approve the village's copy, which will then be returned to the Village Clerk. The Village Clerk should retain the third yellow copy for the village's records until the "APPROVED" copy has been returned.

If you have any questions or need assistance, please contact either Mr. Edward Chabot, Road Inventory Chief (828-2568), Mr. John Gilligan, Business Manager (828-2671), or myself at 823-2675.

Sincerely,

J. E. R. Landry

Bristol, Vermont 05443

Gentlemen:

I am herewith forwarding the Certificates of Highway Mileage for your village for the year ending February 10, 1975. The enclosed form letter explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes in your class 3 and class 4 village highway systems. Please read this form letter carefully before completing the Certificate.

In addition, the following mileage change was brought to our attention during the past year:

During the installation of mile markers on the Federal-aid Secondary local system, the length of Class 2 Town Highway 2 was shortened 0.02 mile. A Class 2 Selection Certificate covering this change was previously submitted.

We will appreciate your indicating any other changes in your class 3 or class 4 village highway systems processed in accordance with the Statutes during the past year. The enclosed form letter explains the procedures to be followed in making changes in class 3 or class 4 mileage.

ALL copies of the completed Certificate, including the village's, should be returned to this office no later than February 15, 1975 in order for any changes to be effective at this time. The village's copy will be approved by the designated representative of the State Highway Board and returned to the Village Clerk.

Sincerely,

R. J. Nicholls

Chairman  
Board of Trustees  
Village of Bristol  
Bristol, Vermont 05443

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your Village were measured in 1972 by Mr. Smith, Village Manager, with Mr. Chabot of this office.

The resulting changes in highway mileage are indicated on the enclosed map and are explained on the attached breakdown sheet.

The second breakdown sheet indicates those roads for which we will require copies of the rights-of-way and Certificates of Completion and Opening before they can be added to your town highway mileage.

For your convenience we have entered on the enclosed Certificate of Highway Mileage all changes which were brought to our attention during the past year, and will appreciate your entering any other Town Highway changes processed in accordance with the Statutes.

The completed Mileage Certificates must reach this office by March 15, 1973 in order for these mileage changes to be effective at this time.

Sincerely,

R. J. Nicholls  
Highway Planning Engineer
