Brandon, Vermont 05733

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1981 by Mr. LaJeunesse, Selectman, and Mr. Chabot, Road Inventory Chief of this office.

The resulting changes in highway mileage and any changes in classification are indicated on the enclosed map and explained on the attached sheet.

We are also forwarding the Mileage Certificate for your town for the year ending February 10, 1982. For your convenience, we have entered the previous mileage and changes that were brought to our attention during the past year. Any other changes in Class 3 or Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the enclosure (ENCLOSURE 1).

Please refer to the second form (ENCLOSURE 2) for specific instructions relative to the "SCENIC HIGHWAY MILEAGE" portion of your Mileage Certificate.

All copies of the Certificate must be completed and sworn to before a Notary Public. One white and two yellow copies of the signed and completed Certificate should be returned to this office no later than February 15, 1982. The designated representative of the Agency of Transportation will approve the town's copy, which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the "APPROVED" copy has been returned.

If you have any questions or need assistance, please contact either Mr. Edward Chabot, Road Inventory Chief (828-2568), Mr. John Gilligan, Business Manager (828-2671), or myself at 828-2675.

Sincerely,

Chairman, Board of Selectmen Town of Leicester c/o Town Clerk Brandon, Vermont 05733

Gentlemen:

I am herewith forwarding the Certificate of Highway Mileage for your town for the year ending February 10, 1976. The enclosed form letter explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes in your class 3 and class 4 town highway systems. Please read this form letter carefully before completing the Certificate.

In addition, the following mileage changes were brought to our attention during the past year:

During the installation of mile markers on the Federal-aid Secondary local system it was found that the length of Town Highway 1 should be reduced 0.090 mile and that of Town Highway 4 should be reduced 0.070 mile. A Class 2 Selection Certificate reflecting these changes was previously forwarded to you through your District Highway Engineer.

We have entered on the enclosed Certificate the previous mileage as of February 10, 1975 as well as the above-mentioned Class 2 changes. We will appreciate your indicating any other changes in your class 3 or class 4 town highway systems processed in accordance with the Statutes during the past year. The enclosed form letter explains the procedures to be followed in making changes in class 3 or class 4 mileage.

One white and two yellow copies of the completed Certificate should be returned to this office no later than February 15, 1976. The designated representative of the State Highway Department will approve the town's copy which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the APPROVED copy has been returned.

Sincerely,

R. J. Nicholls Highway Planning Engineer
