Chairman, Board of Selectmen Town of Lincoln c/o Sandra Rhodes, Town Clerk RD #1 Bristol, Vermont 05443

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1981 by Mr. Fingers. Selectman, and Mr. Chabot, Road Inventory Chief of this office.

The resulting changes in highway mileage and any changes in classification are indicated on the enclosed map and explained on the attached sheets.

We are also forwarding the Mileage Certificate for your town for the year ending February 10, 1982. For your convenience, we have entered the previous mileage and changes that were brought to our attention during the past year. Any other changes in Class 3 or Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the enclosure (ENCLOSURE 1).

Please refer to the second form (ENCLOSURE 2) for specific instructions relative to the "SCENIC HIGHWAY MILEAGE" portion of your Mileage Certificate.

All copies of the Certificate must be completed and sworn to before a Notary Public. One white and two yellow copies of the signed and completed Certificate should be returned to this office no later than February 15, 1982. The designated representative of the Agency of Transportation will approve the town's copy, which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the "APPROVED" copy has been returned.

If you have any questions or need assistance, please contact either Mr. Edward Chabot, Road Inventory Chief (828-2568), Mr. John Gilligan, Business Manager (828-2671), or myself at 828-2675.

Sincerely,

J. E. R. Landry Project Planning Engineer

c/o Town Clerk
RD #1, Box 212
Bristol, Vermont 05443

Gentlemen:

I am herewith forwarding the Certificates of Highway Hileage for your town for the year ending February 10, 1975. The enclosed form letter explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes in your class 3 and class 4 town highway systems. Please read this form letter carefully before completing the Certificate.

In addition, the following mileage changes were brought to our attention during the past year:

During the installation of mile markers on the Federal-aid Secondary local system it was found that the length of Class 2 Town Highway 1 should be shortened 0.06 mile and that of Class 2 Town Highway 2 should be lengthened 0.01 mile. A Class 2 Selection Certificate covering these changes was previously submitted.

We will appreciate your indicating any other changes in your class 3 or class 4 town highway systems processed in accordance with the Statutes during the past year. The enclosed form letter explains the procedures to be followed in making changes in class 3 or class 4 mileage.

ALL copies of the completed Certificate, including the town's, should be returned to this office no later than February 15, 1975 in order for any changes to be effective at this time. The town's copy will be approved by the designated representative of the State Highway Board and returned to the Town Clerk.

Sincerely,

R. J. Nicholls Highway Planning Engineer

Dear Mr. Darling:

We have received the Certificates of Highway Mileage which the Board of Selectmen signed on March 11, 1974, and note that the town's file copy was not returned.

Contrary to the instructions printed on the form and per the instructions included in the form letter which accompanied the Certificates, ALL copies of the form, including the town's, should be returned to this agency. It will then be approved by the representative of the State Highway Board and returned to you.

Sincerely,

STATE OF VERMONT DEPARTMENT OF HIGHWAYS MONTPELIER 05602

January 7, 1972

Chairman, Board of Selectmen Town of Lincoln RFD Bristol, Vermont 05443

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1971 by Mr. Cassidy, Selectman, with Mr. Chabot of this office.

The resulting changes in highway mileage are indicated on the enclosed map and are explained on the attached breakdown sheet.

The second breakdown sheet indicates those roads for which we will require copies of the rights-of-way and Certificates of Completion and Opening before they can be added to your town highway mileage.

Also due to remeasurement the length of SA 1 has been shortened 0.130 mile.

According to Mr. Cassidy, the following roads are considered to be old town highways:

Town Highway Number	Mileago
· 40 Prov.	0.33
→ 42 Prov.	0.22
\ 43 Prov.	0.29
46 Proy.	0.20
	Number 40 Prov.

Before we can include these roads in your town highway system, it will be necessary for you to submit a certificate, signed by the Selectmen, certifying that these roads have been considered and maintained as public highways for "X" number of years. Without this certificate these highways cannot be considered to be part of your town highway system.

For your convenience we have entered on the enclosed Certificate of Highway Mileage all changes which were brought to our attention during the past year, and will appreciate your entering any other Town Highway changes processed in accordance with the Statutes during the past year.

ending at

The completed Mileage Certificates must reach this office by March 15, 1972 in order for these mileage changes to be effective at this time.

Very truly yours,

R. J. Nicholls Highway Planning Engineer
