VERMONT
OFFICIAL STATE MAP

Area 9,609 Square Miles

HOWARD DEAN M. D., GOVERNOR

2000 Population Est. 608,827*

A network of Interstate and State Highways provides free access to the four season beauty of Vermont – its renown scenery, historic sites, outdoor recreation, natural resources and quality products. A more intimate exploration of the Vermont countryside can be enjoyed along more than 11,297 miles of Town Highways, most of which are kept in good traveling condition throughout the year. Local inquiry about conditions on less-traveled roads is recommended, especially during the winter and early spring. Vermont's 14,001 miles of public highways include:

320 miles of Interstate Highways
2,384 miles of State Highways
11,297 miles of Town Highways.

A TIP ON METRIC MEASURE...

To change miles to kilometers, use the ratio 8 to 5: multiply miles by 8 and divide by 5. Conversely, to change kilometers to miles, multiply kilometers by 5 and divide by 8. Example: 10 miles changed to kilometers is 10 miles times 8 equals 80, divided by 5 is 16 kilometers; 10 kilometers changed to miles would be 11 times 5 equals 55, divided by 8 equals 6.9 miles.

MILEAGE TABLE

Distances shown within the shaded triangles are in miles, all others are in kilometers.
