John Viskup
Town of Panton Selectboard
3176 Jersey St
Panton, VT 05491

Dear Mr. Viskup,

It has been brought to the attention of the VTrans Mapping Section that the end of TH-6 (0.05 miles) in the Town of Panton is not being maintained to class 3 town highway standards and has trees growing on the southern end. I seek clarification from the Selectboard regarding this highway's classification. TH-6 is currently included in the class 3 town highway mileage and shown on the 2015 Panton Town Highway Map as class 3 by the Mapping Section, as can be seen on the attached maps.

On October 15, 2015, Michael Trunzo of Mapping performed a review of this highway and found that it is not being maintained to the class 3 standard defined in 19 V.S.A. § 302.

19 V.S.A. § 302. Classification of town highways**(3) Class 3 town highways:**

(A) Class 3 town highways are all traveled town highways other than class 1 or 2 highways. The selectmen, after conference with a representative of the Agency shall determine which highways are class 3 town highways.

(B) The minimum standards for class 3 highways are a highway negotiable under normal conditions all seasons of the year by a standard manufactured pleasure car. This would include but not be limited to sufficient surface and base, adequate drainage, and sufficient width capable to provide winter maintenance, except that based on safety considerations for the traveling public and municipal employees, the selectboard shall, by rule adopted under 24 V.S.A. chapter 59, and after following the process for providing notice and hearing in section 709 of this title, have authority to determine whether a class 3 highway, or section of highway, should be plowed and made negotiable during the winter. However, a property owner aggrieved by a decision of the selectboard may appeal to the transportation board pursuant to subdivision 5(d)(9) of this title.

(C) A highway not meeting these standards may be reclassified as a provisional class 3 highway if within five years of the determination, it will meet all class 3 highway standards.

<http://legislature.vermont.gov/statutes/section/19/003/00302>

I seek clarification from the Panton Selectboard regarding the classification of TH-6 and whether it has been reclassified to trail or class 4, or if it has been discontinued. If neither has occurred and the Town does not plan to bring this highway back to class 3 town highway standards, I recommend that we deem this highway as "Not Up To Standard" and remove the stated aid funding in the upcoming 2016 Mileage Certificate.

Thank you in advance for any information regarding the status and classification of TH-6. Please feel free to contact me with any questions or comments regarding this request, or mapping in general.

Sincerely,

Johnathan Croft
AOT GIS Database Administrator
