Chairman, Board of Selectmen Town of Salisbury c/o Doris Shedrick, Town Clerk RD #1 Salisbury, Vermont 05769

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1981 by Mr. Conant, Road Commissioner, and Mr. Chabot, Road Inventory Chief of this office.

The resulting changes in highway mileage and any changes in classification are indicated on the enclosed map and explained as follows:

Your Class 3 mileage has increased by 0.050 mile on T-21 due to the reclassification of a portion of this road. We require a Certificate signed by the entire Board of Selectmen regarding this reclassification. Also, during our reinventory, it was found that 0.150 mile on Town Road 22 is not discontinued, as shown on the attached map. We require a statement from the Board of Selectmen that this portion of road is being maintained at Class 3 standards.

We are also forwarding the Mileage Certificate for your town for the year ending February 10, 1982. For your convenience, we have entered the previous mileage and changes that were brought to our attention during the past year. Any other changes in Class 3 or Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the enclosure (ENCLOSURE 1).

Please refer to the second form (ENCLOSURE 2) for specific instructions relative to the "SCENIC HIGHWAY MILEAGE" portion of your Mileage Certificate.

All copies of the Certificate must be completed and sworn to before a Notary Public. One white and two yellow copies of the signed and completed Certificate should be returned to this office no later than February 15, 1982. The designated representative of the Agency of Transportation will approve the Town's copy, which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the "APPROVED" copy has been returned.

If you have any questions or need assistance, please contact either Mr. Edward Chabot, Road Inventory Chief (828-2568), Mr. John Gilligan, Business Manager (828-2671), or myself at 828-2675.

Sincerely,

JERL/CB/sla Enc. J. E. R. Landry Project Planning Engineer

Chairman, Board of Selectmen Town of Salisbury c/o Town Clerk RD Salisbury, Vermont 05769

Gentlemen:

I am herewith forwarding the Certificates of Highway Mileage for your town for the year ending February 10, 1975. The enclosed form letter explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes in your class 3 and class 4 town highway systems. Please read this form letter carefully before completing the Certificate.

In addition, the following mileage changes were brought to our attention during the past year:

During the installation of mile markers on the Federal-aid Secondary local system it was found that Class 2 Town Highway 3 should be shortened 0.15 mile while Class 2 Town Highway 4 should be lengthened 0.08 mile. A Class 2 Selection Certificate covering these changes was submitted earlier.

We will appreciate your indicating any other changes in your class 3 or class 4 town highway systems processed in accordance with the Statutes during the past year. The enclosed form letter explains the procedures to be followed in making changes in class 3 or class 4 mileage.

All copies of the completed Certificate, including the town's, should be returned to this office no later than February 15, 1975 in order for any changes to be effective at this time. The town's copy will be approved by the designated representative of the State Highway Board and returned to the Town Clerk.

Sincerely,

R. J. Nicholls Highway Planning Engineer

Doris Shedrick, Town Clerk Town of Salisbury Salisbury, Vermont 05769

Dear Mrs. Shedrick:

We have received the Certificates of Highway Mileage which the Board of Selectmen signed on February 8, 1974, and note that the town's file copy was not returned.

Contrary to the instructions printed on the form: and per the instructions included in the form letter which accompanied the Certificates, ALL copies of the form, including the town's, should be returned to this agency. It will then be approved by the representative of the State Highway Board and returned to you.

Sincerely,

STATE OF VERMONT DEPARTMENT OF HIGHWAYS MONTPELIER

05602

January 7, 1972

Chairman Board of Selectmen Town of Salisbury Salisbury, Vermont 05769

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1971 by Mr. Reynolds, Selectmen, with Mr. Chabot of this office.

The resulting changes in highway mileage are indicated on the enclosed map and are explained on the attached breakdown sheet.

According to Mr. Reynolds, the following roads are considered to be old town highways:

Map Ident. Letter	Town Highway Number	Mileage	
D	13 Prov.	0.06	
E	14 Prov.	0.12	

Before we can include these roads in your town highway system, it will be necessary for you to submit a certificate, signed by the Selectmen, certifying that these roads have been considered and maintained as public highways for "X" number of years. Without this certificate these highways cannot be considered to be part of your town highway system.

Also due to remeasurement the length of SA I has been shortened 0.140 mile.

For your convenience we have entered on the enclosed Certificate of Highway Mileage all changes which were brought to our attention during the past year, and will appreciate your entering any other Town Highway changes processed in accordance with the Statutes during the past year.

The completed Mileage Certificates must reach this office by March 15, 1972 in order for these mileage changes to be effective at this time.

Very truly yours,

R. J. Nicholls Highway Planning Engineer

FROM:

DATE:

August 19, 1971

SUBJECT: Salisbury road, your memo dated August 6

This road was not on the 1931 mileage map (see attached print).

Our first notice of it was during our 1962 road inventory, when Road Commissioner Scarborough told our Inventory Supervisor Cookson that the road was laid out town highway (see attached print of road inventory form for "T-7A").

In preparation for the February 10, 1963 Certificate of Highway Mileage, for Salisbury, we called attention to this "T-7A" road and requested certification of its being a town highway (see attached copy of mileage report with accompanying letter and breakdown sheets).

Apparently the town officials didn't wish to provide us with the certification we need in order to add town highways, so this road has never been included in the mileage of Salisbury.

If there's anything more you think we can do, please let us know.

SUBJECTStatus of road - Salisbury

In Salisbury, there is a dead end road serving one farm, that leaves U.S. 7 at Sta. 1271 & 50 Rt. of Salisbury Project F 019 - 3 (9).

This road shows on the plans noted above as a driveway, it does not show as a Town Highway on any map in this affice.

The owner of the property served by this road claims it always has been a Town Highway, however I have nothing to prove this, and apparently the Selectmen have not claimed it the last several times their roads were measured.

It would be appreciated if you would check your records to see if the Selectmen of Salisbury claimed this road in 1931, and if they did, determine if possible when it was dropped from Salisbury Town Highway mileage.
