TRANSPORTATION BOARD

OFFICE MEMORANDUM

TO:

Tom Evslin, Secretary of Transportation

FROM:

Paul H. Guare Executive Secretary, Transportation Board

DATE:

December 16, 1982

SUBJECT:

Glastenbury

Board Member Merton Snow has concluded Hearing proceedings resulting from the proposal to reclassify town highways in Glastenbury. It was initially represented in submissions to the Board that the intention of the proposers was to reclassify a section of Town Highway 1 from its present Class 3 status to Class 4 and to designate a segment of Town Highway 2 as a trail.

The Hearing process revealed that alternatively, the intention of the Glastenbury interests was to designate all of Town Highway 1 as Class 4, to reclassify a short segment of Town Highway 2 as Class 4, and the balance of Town Highway 2 to be designated as a trail.

It is the intention of Mr. Snow to submit Findings to the Board proposing Board approval of these changes.

This process has revealed that the Transportation Board is responsible for all Title 19 highway actions in gores and unorganized towns which are otherwise assigned to selectmen.

This includes among other things the reclassification process and the Section 15 requirement for measurement of town highways and the February 10 statement of description and condition of town highways.

The action to be taken by the Board in connection with the Glastenbury process will be effected formally by the Board's execution of the Certificate of Highway Mileage which must be filed by February 10.

I am not aware of the Agency's scheduling process for these forms. It would be helpful if the appropriate certificates for Glastenbury and the other unorganized towns and gores could be supplied for Board action at its next scheduled meeting on January 11.

Mr. Paul Bohne, III, Supervisor Unorganized Town of Glastenbury Harwood Hill Bennington, Vermont 05201

Dear Mr. Bohne:

In previous years, you have received from the Agency of Transportation an annual Certificate of Highway Mileage, on which you attested as to the amount of town highway mileage in your town. This certificate is for the purpose of allocating state aid funds.

This year the Transportation Board has noted that, since the Board is given by law (T. 19, \$24) the same power and duties regarding highways in unorganized towns as selectmen have in organized towns; then the Board should also receive and sign the Certificate of Highway Mileage. Therefore, you are not receiving the certificate this year. For most unorganized towns, this is probably of little concern; however, we at least wanted to make you aware of this change.

If you have any questions, please contact either Mr. Edward Chabot, Road Inventory Chief (828-2568), Mr. Michael Eling, Eusiness Manager (828-2671), or myself at 828-2675.

Sincerely, g.E.R. Janday

Mr. Lawrence E. Molloy Unorganized Town of Glastenbury Arlington, Vermont 05250

Gentlemen:

I am herewith forwarding the Certificates for the Unorganized Town of Glastenbury, for the year ending February 10, 1979. The enclosed form letter explains the necessity for completing and returning the Certificate, as well as the procedures to be followed in making changes to your Class 3 and Class 4 Town Highway System. Please read this form letter carefully before completing the Certificate.

You will note that the Mileage Certificate Form has been changed this year from previous Certificates. The General Assembly recently passed a "Scenic Highway Law" which has necessitated a change in the form. Please refer to the second enclosed form letter for specific instructions relative to Scenic Highway Mileage. This section must be used only if you have designated some of your highways as "Scenic Highways". By this time, you should have received additional information on this legislation from the Transportation Board. Utilizing this and the attached instructions, you should be able to complete the Scenic Highway portion of the form. If there is any confusion on this item, please contact us.

In addition, the following mileage changes were brought to our attention during the past year:

Due to Project RFF 019-1(8), Town Highway 1 was increased from 1.28 Class 3 to 1.33 Class 3, an increase of 0.05 mile.

The remaining portion of the form is to be completed just as before and do not delete any mileage from this portion that you may have designated as scenic. Your Class 1, 2, 3 and 4 mileages will remain the same whether categorized as scenic or not.

For your convenience, we have entered previous mileage and changes, if any, that were brought to our attention during the past year. Any other changes in Class 3 or Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the attached form letter.

One white and two yellow copies of the completed Certificate should be returned to this office no later than February 15, 1979. The designated
