Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your village were measured in 1978 by Mr. Bresko, Trustee and Mr. Chabot of this office.

The resulting changes in highway mileage and any changes in classification are indicated on the enclosed map and explained on the attached breakdown sheet.

I am also forwarding, herewith, the Certificate of Highway Mileage for your village for the year ending February 10, 1979. The enclosed form explains the necessity for completing and returning the Certificate, as well as the procedures to be followed in making changes to your Class 3 and Class 4 Town Highway System. Please read this form letter carefully before completing the Certificate.

You will note that the Mileage Certificate Form has been changed this year from previous Certificates. The 1978 General Assembly passed a "Scenic Highway Law" which has necessitated a change in the form. Please refer to the second enclosed form letter for specific instructions relative to Scenic Highway Mileage. This section is not mandatory, but left to your discretion. By this time, you should have received additional information on this legislation from the Transportation Board. Utilizing this and the attached instructions, you should be able to complete the Scenic Highway portion of the form. If there is any confusion on this item, please contact us.

The remaining portion of the form is to be completed just as before and do not delete any mileage from this portion that you may have designated as scenic. Your Class 1, 2, 3 and 4 mileages will remain the same whether categorized as scenic or not.

For your convenience, we have entered on the enclosed Certificate, all changes which were brought to our attention during the past year. Any other changes in your Class 3 and Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the attached form letter.

Dear Sir;

I enclose copy of Certificate of Highway Mileage which was filed in this office on Jan 7, 1977 and subsequently copy sent to your office for approval together with that for the Town Highway Mileage.

We received approval from the state office for the town but have never heard anything from you in regard to the village.

Both town and village were supposed to be returned to this the only office of record in the town. Please investigate.

Thank you

Gentlemen:

I am herewith forwarding the Certificates of Highway Mileage for your town for the year ending February 10, 1970.

As recently brought to your attention by District Engineer Pelsus, Union Street has been transferred to the State Aid system. This was done in connection with the 1970 Reselection of State Aid highways and increases your State Aid Mileage 0.860 mile with a corresponding decrease in village highway mileage.

For your convenience, we have entered these changes on the enclosed Certificates and will appreciate your entering any other village highway mileage changes processed in accordance with the Statutes during the past year.

Please return the signed Certificates in time to reach this office on or before March 15, 1970.

Sincerely yours,

R. J. Nicholls
Highway Planning Engineer
