Chairman, Board of Selectmen Town of Rupert c/o Town Clerk, J. G. Bebee West Rupert, Vermont 05776

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1978 by Mr. Wilson, Selectman, and Mr. Chabot of this office.

The resulting changes in highway mileage and any changes in classification are indicated on the enclosed map and explained on the attached breakdown sheet.

I am also forwarding, herewith, the Certificate of Highway Mileage for your town for the year ending February 10, 1979. The enclosed form explains the necessity for completing and returning the Certificate, as well as the procedures to be followed in making changes to your Class 3 and Class 4 Town Highway System. Please read this form letter carefully before completing the Certificate.

You will note that the Mileage Certificate Form has been changed this year from previous Certificates. The 1978 General Assembly passed a "Scenic Highway Law" which has necessitated a change intthe form. Please refer to the second enclosed form letter for specific instructions relative to Scenic Highway Mileage. This section is not mandatory, but left to your discretion. By this time, you should have received additional information on this legislation from the Transportation Board. Utilizing this and the attached instructions, you should be able to complete the Scenic Highway portion of the form. If there is any confusion on this item, please contact us.

The remaining portion of the form is to be completed just as before and do not delete any mileage from this portion that you may have picked up as scenic. Your Class 1, 2, 3 and 4 mileages will remain the same whether categorized as scenic or not.

Mr. Wilson, Selectman, stated that Town Highway 11, Item A on the map, is to be reclassified. Proof of reclassification must be submitted before this mileage can be added.

Town of Rupert Page 2

For your convenience, we have entered on the enclosed Certificate all changes which were brought to our attention during the past year. Any other changes in your Class 3 and Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the attached form letter.

One white and two yellow copies of the completed Certificate should be returned to this office no later than February 15, 1979. The designated representative of the Agency of Transportation will approve the town's copy, which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the approved copy has been returned.

Sincerely,

B. J. Nicholls
Planning Engineer

RJN/JRG/sla Enc.

March 20, 1979

Chairman, Board of Selectmen Town of Rupert c/o Town Clerk, J. G. Bebee West Rupert, Vermont 05776

Dear Mr. Bebee:

We have not received the Certificate of Highway Mileage for your town for the year ending February 10, 1979.

Based on our previous correspondence, you are aware that these must be done by that date for processing.

Because of the expiration of the deadline dates for Annual Mileage Certification, we are reporting your previous year's mileage as current for this year's apportionments.

A copy of the dummy certificate is enclosed.

Sincerely,

R. J. Nicholls Planning Engineer

RJN/JRG/sla Enc.

February 19, 1976

Jay Wilson, Chairman Board of Selectmen Town of Rupert Box 47 West Rupert, Vermont 05776

Dear Mr. Wilson:

Thank you for your letter of February 17, 1976 regarding your Certificate of Highway Mileage.

If the town does not wish to accept the changes in class 2 mileage resulting from the installation of mile markers, please cross out this entry on the Certificate. It will also not be necessary to sign and return the Class 2 Selection Certificate forwarded to you some time ago by District Highway Engineer Ayers. We will appreciate your signing and returning the Mileage Certificates as soon as possible since the deadline for filing the Certificates was February 17, 1976.

In computerizing highway mileage information, it is necessary to add a "0" to most of the route numbers in order to provide a space for adding an "A" or "E" for those routes which carry such designations. For example, route VT 100A becomes route number 1001 when coded, the last "1" being equivalent to "A". It is thus necessary to add a "0" to most route numbers to signify that there is no "A" or "B" added to the numerical route number and to keep all route number designations consistent at four digits. The actual numbers of the routes have not changed; they are still numbered 315 and 153.

Should you have further questions, please feel free to contact us again.

Sincerely,

R. J. Nicholls Highway Planning Engineer

January 8, 1976

Chairman, Board of Selectmen Town of Rupert c/o Town Clerk West Rupert, Vermont 05776

Gentlemen:

I am herewith forwarding the Certificate of Highway Mileage for your town for the year ending February 10, 1976. The enclosed form letter explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes in your class 3 and class 4 town highway systems. Please read this form letter carefully before completing the Certificate.

In addition, the following mileage changes were brought to our attention during the past year:

When mile markers were installed on the Federal-aid Secondary local system it was found that the length of Town Highway 1 should be reduced 0.110 mile and that of Town Highway 2 should be reduced 0.080 mile.

Also, in order to extend Town Highway 9 to meet the relocation of Class 2 Town Highway 1, it is necessary to add 0.150 mile to your Class 3 system.

We have entered on the enclosed Certificate the previous mileage as of February 10, 1975 as well as the above-mentioned changes. We will appreciate your indicating any other changes in your class 3 or class 4 town highway systems processed in accordance with the Statutes during the past year. The enclosed form letter explains the procedures to be followed in making changes in class 3 or class 4 mileage.

One white and two yellow copies of the completed Certificate should be returned to this office no later than February 15, 1976. The designated representative of the State Highway Department will approve the town's copy which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's files until the APPROVED copy has been returned.

Sincerely,

R. J. Nicholls Highway Planning Engineer

HIGHWAY DEPARTMENT

OFFICE MEMORANDUM

TO:

G. W. Ayers, District Highway Engineer

FROM:

A. J. Goss, Acting Highway Planning Engineer by J. E. Bisson, Administrative Assistant

DATE:

February 19, 1974

SUBJECT:

Town of Rupert Mileage

A. J. G.

Regarding your memo of February 14, 1974 concerning the Class 3 mileage changes requested by the Town of Rupert, we have no objections to the changes proposed. We will, however, appreciate the town's entering in Section 3 of the Mileage Certificate those changes which they wish processed.

HIGHWAY DEPARTMENT

Jen Broson fu reply OFF

OFFICE MEMORANDUM

TO:

Arthur J. Goss, Acting Planning Engineer

FROM:

G. W. Ayers, District Highway Engineer ylligun

DATE:

February 14, 1974

SUBJECT:

Town of Rupert Class 3 Mileage

We received a call from Mr. Wilson, Chairman of the Board of Selectmen of the Town of Rupert, objecting to the mileage as shown on the certificate sent them and as a result of their protest Assistant District Engineer Williams and myself met with them.

As a result of this meeting and field inspection I recommend that Revision G deleting 0.67 miles of Town Highway 23 be classified as Class 3 highway. Smoke informs me that the town has spent considerable money on this portion of Town Highway 23 and the selectmen state that although not plowed at the present time it will be plowed upon return of one resident using this road. The road has been maintained as a year round road in recent years.

Revision H - I recommend the mileage of Town Highway 24 remain at 0.48 miles rather than 0.29 miles shown on the revision. We drove over this road and the 0.48 miles were in good travelling condition yesterday.

Revision B - The selectmen also protested the deletion of 0.90 miles of Town Highway ll. We drove over the 0.45 miles of Class 3 from Town Highway # 3 but then it was agreed that they would accept this deletion pending the formal review of Town Highways scheduled for this summer.
