Chairman, Board of Selectmen
Town of Groton
c/o Town Clerk
Groton, Vermont 05046

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1977 by Mr. Page, Selectman and Mr. Chabot of this office.

The resulting changes in highway mileage and any changes in classification are indicated on the enclosed map and explained on the attached breakdown sheet.

I am also forwarding, herewith, the Certificate of Highway Mileage for your town for the year ending February 10, 1978. The enclosed form explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes to your Class 3 and Class 4 Town Highway System. Please read this form letter carefully before completing the Certificate.

In addition, the following mileage changes were brought to our attention during the past year:

Construction Project RS 0217(1) relocation decreased State Highway mileage in your town by 0.147 mile and a portion of Old Groton State Highway relinquished to the town adds 0.280 mile to Class 3. Class 4 Town Highway 16 was decreased by 0.100 mile by right-of-way for the construction project.

Mr. Page also stated that Town Highway 65 (Provisional) was an Old Town Highway. See Item H on the map. Before we can include this road in your system, however, it will be necessary for you to submit a Certificate signed by the entire Board of Selectmen that this road has been considered and maintained as a public highway for "X" number of years.

It was also noted that Class 4 Town Highway 25 was in error by 0.280 mile. The correct figure was 0.280 and was noted previously as 0.560.

Deterny Sichlie (Write official title, as Notary Public)

For your convenience, we have entered on the enclosed Certificate all changes which were brought to our attention during the past year. Any other changes in your Class 3 and Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the attached form letter.

One white and two yellow copies of the completed Certificate should be returned to this office no later than February 15, 1978. The designated representative of the State Highway Department will approve the town's copy which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the approved copy has been returned.

Sincerely,

R. J. Nicholls

Chairman, Board of Selectmen Town of Groton c/o Town Clerk Groton, Vermont 05046

Gentlemen:

I am herewith forwarding the Certificate of Highway Mileage for your town for the year ending February 10, 1976. The enclosed form letter explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes in your class 3 and class 4 town highway systems. Please read this form letter carefully before completing the Certificate.

In addition, the following mileage changes were brought to our attention during the past year:

When mile markers were installed on the Federal-aid Secondary local system in your town it was found that the length of Town Highway 1 should be reduced 0.050 mile and Town Highway 2 should be reduced 0.030 mile. A Class 2 Selection Certificate reflecting these changes was previously forwarded to you through your District Highway Engineer.

For your convenience we have entered on the enclosed Certificate the previous mileage as of February 10, 1975 as well as the above-mentioned changes. We will appreciate your indicating any other changes in your class 3 or class 4 town highway systems processed in accordance with the Statutes during the past year. The enclosed form letter explains the procedures to be followed in making changes in class 3 or class 4 mileage.

One white and two yellow copies of the completed Certificate should be returned to this office no later than February 15, 1976. The designated representative of the State Highway Department will approve the town's copy which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the APPROVED copy has been returned.

Sincerely,

R. J. Nicholls Highway Planning Engineer
