Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1978 by Mr. Houghton, Road Commissioner and Mr. Chabot of this office.

The resulting changes in highway mileage and any changes in classification are indicated on the enclosed map and explained on the attached breakdown sheet.

I am also forwarding, herewith, the Certificate of Highway Mileage for your town for the year ending February 10, 1979. The enclosed form explains the necessity for completing and returning the Certificate as well as the procedures to be followed in making changes to your Class 3 and Class 4 Town Highway System. Please read this form letter carefully before completing the Certificate.

You will note that the Mileage Certificate Form has been changed this year from previous Certificates. The 1978 General Assembly passed a "Scenic Highway Law" which has necessitated a change in the form. Please refer to the second enclosed form letter for specific instructions relative to Scenic Highway Mileage. This section is not mandatory, but left to your discretion. By this time you should have received additional information on this legislation from the Transportation Board. Utilizing this and the attached instructions, you should be able to complete the Scenic Highway portion of the form. If there is any confusion on this item, please contact us.

The remaining portion of the form is to be completed just as before and do not delete any mileage from this portion that you may have picked up as scenic. Your Class 1, 2, 3 and 4 mileages will remain the same whether categorized as scenic or not.

(Town Clerk should fill out following and mail one white and two yellow copies to the Commissioner of Highways, Montpelier, Vermont 05602, on or before February 15th. Retain one yellow copy for town records until approved copy is returned).

Mr. Houghton also stated that Town Highways 31, 32 and 33 (provisional) are old town highways. See Items B, C and D on the map. Before we can include these roads in your system, however, it will be necessary for you to submit a Certificate, signed by the entire Board of Selectmen, verifying that these roads have been considered and maintained as public highways for "X" number of years.

For your convenience, we have entered on the enclosed Certificate all changes which were brought to our attention during the past year. Any other changes in your Class 3 and Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the attached form letter.

One white and two yellow copies of the completed Certificate should be returned to this office no later than February 15, 1979. The designated representative of the Agency of Transportation will approve the town's copy which will then be returned to the Town Clerk. The Town Clerk should retain the third yellow copy for the town's records until the approved copy has been returned.

Sincerely,

R. J. Nicholls
