Hello Pam,

Thank you so much for your help. Just to let you know we will be working on Macomber and the Solar Fields this year to get those changes done before next February.

The Selectboard is aware of the changes.

Thanks again
Paula

Hi Jessica,

No we do not need the original. This scan is fine thank you.

I noticed you did not fill out Part I even though there is a preloaded change as circled below in red in the image below. Is the Selectboard aware of this change?

Also, I thought Jericho was maybe going to have some discontinuances/reclassifications, but I am assuming those did not happen yet (TH-20, TH-21, TH-31 and TH-65). Let me know.

2. **DISCONTINUED:** Please attach **SIGNED** copy of proceedings (minutes of meeting).

3. **RECLASSIFIED/REMEASURED:** Please attach **SIGNED** copy of proceedings (minutes of meeting).

Hello,

Attached is a scan of the completed certificate of highway mileage for Jericho. Please let me know if I need to mail the original, or if you only need the scan.

Thanks,

Jessica Alexander

Good Morning Pam,

I have some questions regarding these changes and would like clarification on specific points. Since I am new to this process, I appreciate your patience.

1. TH 65 Road(Town Solar Field & Garage) to the Solar Fields on the maps shows it as a class 4 road? Is this correct? If not, and it is a class 3 road, 0.05 miles of road from the entrance of the solar fields to the field itself needs to be reclassified as a class 4. Is this correct? **Currently the entirety of TH-65 is legally Class 3, but from what you told us, the Town maintains to class 3 standards to where the arrow is below. So yes, the remaining 0.05-mile section should be reclassified to Class 4, legal Trail or discontinued if you don't want to retain ownership of the ROW.**

2. Macomber Place – We are going to reclassify this as a Class 4 Road so that we can keep the ROW in our ownership and responsibility for the structure. **Ok sounds good**
3. Lee River Road/Orr Road we are thinking of reclassifying this to a legal trail **Ok sounds good**
4. Varney Road -we are looking into making this a legal trail as well and will be reaching out to the Conservation Commission to get their input. **ok just keep us posted**
5. Gravelle Drive will need to be fixed on the Certificate of Highway Mileage as it should be .17 and not .25. Can I change this on the form when we receive it or should we be doing something now before then? **We can preload this on the certificate before you get it after the new year so look out for that.**

I am not familiar with the process of making these changes, but I will reach out to VLCT for assistance. Lori has been incredibly helpful in providing details about these issues, and with her support, we will work to resolve everything before the February deadline.

Feel free to reach out to us with more questions on what you need to do. The statute of the process is outlined here: <https://legislature.vermont.gov/statutes/chapter/19/007>

Thank you
Paula

Subject: Gravelle Drive addition in 2025

Good morning Paula,

We received notice from Tyler Hermanson at E911 who has been working with Lori Dykema, lister in Jericho, that Gravelle Drive which the Town added on their 2025 Mileage Certificate as Class 3 Highway is partially private. The 2025 Mileage Certificate in this link [Jericho 2025 Mileage Certificate](#) sent to VTrans indicated that the Town took on the entirety of the road of 0.25 miles, which is the distance from Snipe Island Rd to the end at house #27. According to Lori and Tyler, the Town only took on the piece from Snipe Island Rd to the driveway for house #15 (see #3 in image below). Lori mentioned there is a court document that outlines the Town owned section.

Jessica or Lori, can you forward that court document to us?

Paula, can you please bring this up with the selectboard and let us know when they revote where the end of

the Town owned Gravelle Drive really is and what the mileage is? We can then update for the 2026 Mileage Certificate and Town highway map.

Thank you,

Pam
