§ 305. Measurement and inspection

(a) After reasonable notice to the selectboard, a representative of the agency may measure and inspect the class 1, 2, and 3 town highways in each town to verify the accuracy of the records on file with the agency. Upon request, the selectboard or their designee shall be permitted to accompany the representative of the agency during the measurement and inspection. The agency shall notify the town when any highway, or portion of a highway, does not meet the standards for its assigned class. If the town fails, within one year, to restore the highway or portion of the highway to the accepted standard, or to reclassify, or to discontinue, or develop an acceptable schedule for restoring to the accepted standards, the agency for purposes of apportionment under section 306 of this title shall deduct the affected mileage from that assigned to the town for the particular class of the road in question.

(b) Annually, on or before February 10, the selectboard shall file with the town clerk a sworn statement of the description and measurements of all class 1, 2, 3, and 4 town highways and trails then in existence, including any special designation such as a throughway or scenic highway. When class 1, 2, 3, or 4 town highways, trails, or unidentified corridors are accepted, discontinued, or reclassified, a copy of the proceedings shall be filed in the town clerk's office and a copy shall be forwarded to the agency.

(c) All class 1, 2, 3, and 4 town highways and trails shall appear on the town highway maps by July 1, 2015.

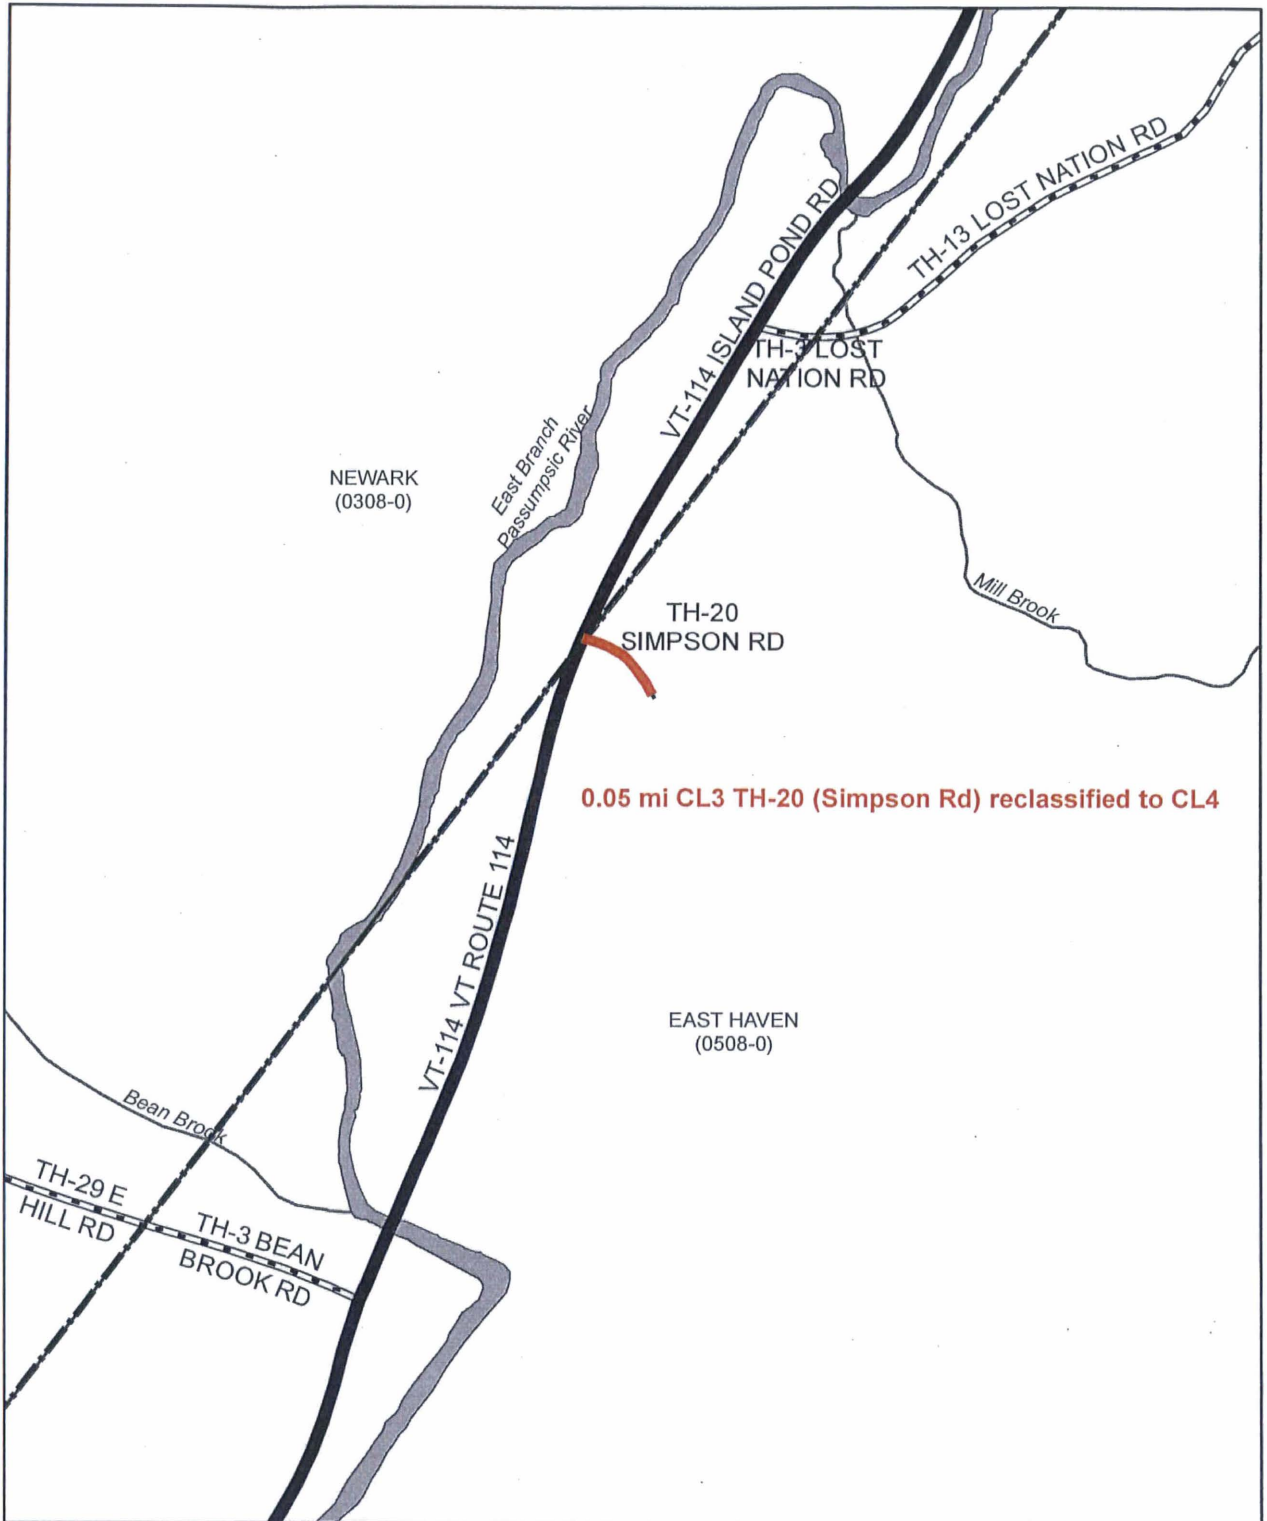

(d) At least 45 days prior to first including a town highway or trail that is not clearly observable by physical evidence of its use as a highway or trail and that is legally established prior to February 10, 2006 in the sworn statement required under subsection (b) of this section, the legislative body of the municipality shall provide written notice and an opportunity to be heard at a duly warned meeting of the legislative body to persons owning lands through which a highway or trail passes or abuts.

(e) The agency shall not accept any change in mileage until the records required to be filed in the town clerk's office by this section are received by the agency. A request by a municipality to the agency for a change in mileage shall include a description of the affected highway or trail, a copy of any surveys of the affected highway or trail, minutes of meetings at which the legislative body took action with respect to the changes, and a current town highway map with the requested deletions and additions sketched on it. A survey shall not be required for class 4 town highways that are legally established prior to February 10, 2006. All records filed with the agency are subject to verification in accordance with subsection (a) of this section.

(f) The selectboard of any town who are aggrieved by a finding of the agency concerning the measurement, description, or classification of a town highway may appeal to the transportation board by filing a notice of appeal with the executive secretary of the transportation board.

(g) The agency shall provide each town with a map of all of the highways in that town together with the mileage of each class 1, 2, 3, and 4 highway, as well as each trail, and such other information as the agency deems appropriate.

SELECTBOARD MEETING

INSPECTION and HEARING HIGHWAY # 20 (Simpson's Road)----SEPT. 22, 2016

At 5:30 P.M. Kirwin Flanders, Delbert Reed-Selectboard members; Catherine Guy-resident; and Franklin R. Higgins Town Clerk were present on Town Highway 20 and performed the required inspection of the highway.

HEARING: Present besides the individuals at the inspection were Raylene Simpson, Sheila Sias and Kathleen Hood. The hearing was called to order at 6 P.M. by Chrm. Flanders who announced the purpose of the hearing to take testimony for consideration in changing the status of Town Highway # 20. The road is presently classified as class 3, has only a 20 foot right of way, is .050 in length, and no turn around space. It is unsafe and legally not permitted to back onto Vermont Route 114 with the plow. The possible solutions under consideration were to change the highway to a class 4 with which the Town would retain ownership but have no required maintenance. Other alternatives would be to classify it as a trail or to discontinue it. Raylene Simpson stated that service vehicles could only access her property by way of T.H. #20. Catherine Guy expressed concerns that if the highway was reclassified and became private she would encounter difficulties in her access to her right of way being possibly blocked, a condition she has experienced before. Kathleen Hood spoke emotionally stating she has been harassed by others and wants to be left alone. Her stated preference would be to have the Town not plow the road and to make it a private road. Concerns were expressed by Raylene Simpson and Catherine Guy over possible outcomes if road became private, Kathleen Hood publicly stated she would not prevent either of them from access before she left the meeting at 6:20 P.M. Discussion continued with consensus being to consider making it a class 4 highway. The hearing ended at 6:40 P.M. The remaining 3 women were thanked for their attendance and participation before they left.

APPOINTMENT: Motion by Delbert 2nd by Kirwin to appoint Francis "Roddy" Loynd III to fill the vacancy on the Selectboard until the March 2017 Town Meeting. Motion carried unanimously and board signed the appointment.

ADJOURNMENT: Motion by Delbert 2nd by Kirwin to adjourn. Motion carried and meeting adjourned at 6:45 P.M.
