Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1976 by Mr. Maynard, Selectman, and Mr. Murcury, Road Commissioner, with Mr. Chabot of this office.

The resulting change in highway mileage is indicated on the enclosed map and explained on the attached breakdown sheet.

In addition, Mr. Maynard and Mr. Murcury indicated that 0.16 mile extension of Town Highway 15 is a public rather than a private road. Before including this road in your Class 3 System, however, we shall require a statement signed by the entire Board that this mileage has been regarded a public road and maintained by the town for "X" number of years.

Mr. Maynard and Mr. Murcury also stated that 0.14 mile of Town Highway 18 should have been classified as Class 3 rather than Class 4 during the recent reclassification process. If you will forward a statement signed by the entire Board to this effect, we will accept the reclassification on this basis.

for your convenience, we have entered on the enclosed Certificate of Highway Mileage all changes which were brought to our attention during the past year. Any other changes in Class 3 or Class 4 mileage must be entered by you and must be substantiated according to the requirements listed on the enclosed Certificate and as explained in the attached form letter. Please read this letter carefully before completing the Certificate.
