PROPOSED STATE RULES

By law, public notice of proposed rules must be given by publication in newspapers of record. The purpose of these notices is to give the public a chance to respond to the proposals. The public notices for administrative rules are now also available online at <https://secure.vermont.gov/SOS/rules/>. The law requires an agency to hold a public hearing on a proposed rule, if requested to do so in writing by 25 persons or an association having at least 25 members.

To make special arrangements for individuals with disabilities or special needs please call or write the contact person listed below as soon as possible.

To obtain further information concerning any scheduled hearing(s), obtain copies of proposed rule(s) or submit comments regarding proposed rule(s), please call or write the contact person listed below. You may also submit comments in writing to the Legislative Committee on Administrative Rules, State House, Montpelier, Vermont 05602 (802-828-2231).

Vermont Use of Public Waters Rules.

Vermont Proposed Rule: 21P024

AGENCY: Agency of Natural Resources

CONCISE SUMMARY: The proposed rule is an amendment to Appendix D of the Vermont Use of Public Waters Rules (UPW). Until recently, the City of Newport had delegated authority over the regulation of the mooring of vessels within Lake Memphremagog and other public waters (including the Clyde River and the Black River) within the City of Newport. Per Rule 16 of Appendix D, that delegation expired on January 1, 2021. This rule amendment, proposed in response to a petition filed by the City of Newport, would extend Newport's delegation for ten (10) years, until December 31, 2031.

RE: Reclassification of Short Street, Potato Hill Road, and Berry Road, Berkshire, Vermont

Dear Board Members,

On July 6, 2021, the Department of Forests, Parks & Recreation (FPR) received the petition to reclassify all or portions of the following:

- Short Street (Route 21) - Discontinue
- Berry Road (Road 18) - Discontinue a small turn off of Berry Road (Road 18)
- Potato Hill Road - Reclassify to a Class 4 road.

Per 19 V.S.A. §775, municipalities must notify the Commissioner of FPR when a petition to discontinue a highway is filed. It is the policy of FPR to encourage municipalities to keep highways as public rights-of-way for emergency, recreational, forestry, agricultural, and other purposes. These roads provide numerous benefits, including:

- Access to year-round and part-time residence and camps;
- Access to agricultural fields, forests, and sugaring operations;
- Access to state-owned parcels for recreational opportunities, for hunting and fishing, forest management and other forest products;
- Recreational access for activities like hiking, mountain biking, cross country skiing, horseback riding, and ATV and 4-wheel use.

FPR's Lands Administration staff and District staff in our Essex office have reviewed the petition and have no comments. FPR staff will not be participating in the public hearing that the Berkshire Selectboard will be scheduling at their next meeting on July 18, 2021. We respectfully ask that this letter be recorded as part of the official proceedings on this matter. Thank you for the opportunity to comment.

Sincerely,

Becca Washburn

Thank you Emily,

You don't need to have the Selectboard sign the certificate again. We can just make the change on the certificate based on your confirmation.

Best,

Pam

Hi again Emily,

Thank you. Based on your response and the review of the information provided regarding the reclassification of TH-11 (Potato Hill Road) in Berkshire, the segment being reclassified from class 3 to class 4 starts at the intersection of TH-11 (Potato Hill Road) and the intersection with

TH-12 (Town Hwy 12) extending north 0.04 miles to the existing section of class 4 TH-11. The documentation provided and noted on the certificate indicates this segment of 0.02 miles, but the current mileage on the town highway map for this segment is 0.04 miles.

I have attached a summary map with the changes for the segment, if you could please confirm that we have interpreted this correctly and can make the adjustment in mileage on the certificate?

Thank you,

Pam

Good Morning Pam,

The intent was to reclassify the part you have in yellow, unfortunately I thought that section was only .02 miles, what would we need to do to correct this.

Thank You

Hi Emily,

I have a question regarding TH-11 and what part of the road is intended for reclassification

from Class 3 to Class 4. The information you sent indicates that 0.02 miles of TH-11 towards 1668 Potato Hill Road will now be Class 4. When diving into the mapping, I noticed that there is a section along TH-11 from TH-10 to TH-12 that is 0.02 miles (in bright blue in image below) but there is another segment from TH-12 to the beginning of the current Class 4 that is 0.04 miles (in yellow in image below).

Was it the intent of the Town to not reclassify the 0.04 miles and have a Class 3 segment in between the two Class 4 sections? Or was this a mistake to not include the 0.04 miles? Did you mean to just reclassify the 0.04 miles? We need clarification to map accurately.

If the intent was to reclassify TH-11 from TH-10 to where the road currently starts as Class 4, then the mileage change would be 0.06 miles, not 0.02 miles. The Selectboard may need to meet again to ensure their understanding and to document properly to VTrans.

Thank you and let me know.

On another note, you sent me addresses and mailing receipts of several landowners. For Potato Hill Rd., the only landowner I see listed is Mark and Amanda St. Pierre. I don't see the following landowners: John and Margie Barabe, and Alfrey Walksey. Also, what is it you sent to the landowners? We need to make sure all landowners were notified of the changes.

Best,

Pam

Thank you so much for the Berkshire 2022 Mileage Certificate. We see that you have reclassified three roads from Class 3 to Class 4. Thank you for the Selectboard meeting minutes to accompany the reclassification documentation. In addition to minutes from this meeting, we would need more documentation to ensure that you followed the reclassification process per state statute <https://legislature.vermont.gov/statutes/title/19>. In summary this is what we need documentation of occurring:

Notice of the date and time for the site visit and public hearing for the reclassification of the town highways:

- 30 day notice to persons owning or interested in lands through which the highways pass
- Providing notice to the planning commission
- Notice posted in the Town Clerk's Office
- Notice posted in a local newspaper of general circulation in the area not less than ten days before the time set for the hearing
- Examination of the premises – site visit
- Public Hearing and taking of testimony

Good afternoon Pam,

For Berkshire, I think this is a case where they said 0.02 miles and they really meant 0.04 miles to be reclassified from class 3 to class 4. I would just have them clarify that what they meant to reclassify was really the 0.04 miles. It could be presented to them in the following way:

Based on review of the information provided regarding the reclassification of TH-11 (Potato Hill Road) in Berkshire, the segment being reclassified from class 3 to class 4 starts at the intersection of TH-11 (Potato Hill Road) and the intersection with TH-12 (Town Hwy 12) extending north 0.04 miles to the existing section of class 4 TH-11. The documentation provided and noted on the certificate indicates this segment of 0.02 miles, but the current mileage on the town highway map for this segment is 0.04 miles. Are we interpreting this correctly and can we make the adjustment in mileage on the certificate?

<Include a copy of a summary map of the segment being reclassified, based on our understanding.>

I think that is how I would approach this, and then the Town Clerk can email us with an affirmative as clarification, or if our interpretation is not correct, then provide guidance on what needs to be altered.

Hi Folks,

I heard back from Berkshire on their error and they voted on reclassifying a portion of a road that double the mileage than what they voted on. See the email chain below. Can you tell me how to follow up with Berkshire? Do they need to have the Selectboard meet again and wait until next year on this?

Hi Emily,

I think we should be all set but I will let you know if we need anything else.

Pam

Thank you so much for the Berkshire 2022 Mileage Certificate. We see that you have reclassified three roads from Class 3 to Class 4. Thank you for the Selectboard meeting minutes to accompany the reclassification documentation. In addition to minutes from this meeting, we would need more documentation to ensure that you followed the reclassification process per state statute <https://legislature.vermont.gov/statutes/title/19>. In summary this is what we need documentation of occurring:

Notice of the date and time for the site visit and public hearing for the reclassification of the town highways:

- 30 day notice to persons owning or interested in lands through which the highways pass
- Providing notice to the planning commission
- Notice posted in the Town Clerk's Office
- Notice posted in a local newspaper of general circulation in the area not less than ten days before the time set for the hearing
- Examination of the premises – site visit
- Public Hearing and taking of testimony

Thank you,

Pam
