Official Highway and Touring Map of VERMONT

The Green Mountain State

Published by
Vermont Department of Highways and
Vermont Development Department

1963

This map shows all State, all State Aid, and certain Town highways; many more Town roads exist but conditions vary, so motorists are cautioned to check prior to travelling any roads not shown on this map. Detail County Maps showing all roads may be procured from the Department of Highways, Montpelier, at a nominal charge per County.

WINTER TRAVELLERS, PLEASE NOTE:
The State Highway System, except for a short section of Rt. 108 in Smugglers Notch on Mt. Mansfield and a section of the Groton-Marshfield State Highway, is kept open throughout winter; most State Aid and Town roads are also kept open, but motorists are advised to inquire locally during heavy snow season, as certain town roads serving only summer activities are not customarily plowed.
