Vermont
The Green Mountain State
Area: 9,609 square miles. Population: 389,881.
Free access to the 4-season charm of Vermont—its natural resources, its historic sites, varied recreation areas, and commanding scenery, statewide—is provided by a network of modern Interstate and State Highways offering unrivaled mountain and valley vistas. These are supplemented by over 11,000 miles of State Aid and Town Highways, most of which are kept in good traveling condition throughout the year. It is advisable to make advance local inquiry regarding less-traveled roads, especially during the winter and early spring seasons. The 14,068 miles of public highways in Vermont include:
144 miles of Interstate open to travel,
177 miles of Interstate in design or under construction
2,149 miles of State Highways (excluding Interstate), and
11,578 miles of State Aid and Town Highways.
