Vermont
The Green Mountain State
Area: 9,609 Square Miles
1972 Estimated Population 465,000*
Free access to the 4-season charm of Vermont—its natural resources, its historic sites, varied recreation areas, and commanding scenery, statewide—is provided by a network of modern Interstate and State Highways offering unexcelled mountain and valley vistas. These are supplemented by over 10,970 miles of Town Highways, most of which are kept in good traveling condition throughout the year. It is advisable to make advance local inquiry regarding less-traveled roads, especially during the winter and early spring seasons. The approximately 13,600 miles of public highways in Vermont include:
293 miles of Interstate open to travel,
26 miles of Interstate in design or under construction
2,296 miles of State Highways (excluding Interstate), and
10,970 miles of Town Highways.
