Yes, it is really more of an addition of an approach in our data and accurate mileage than it is a new construction. I can clarify that better on the summary map that I will attach to the certificate packet before we sign it on our end.

Best,

Pam

Hi Pam,

Thank you for the clarification. We have not completed any construction here in recent years. Is this more a case of correcting the maps and certification to be more accurate with what is in the field?

Hi Judi,

I can answer on Kerry's behalf as I am working on this edit. If you look at the blue dot in the image below, there is a connection from West High St to VT-100 that was added. Let us know if you have any more questions.

Best,

Pam

Kerry,

Could you please give details as to Part II, Section 1: New Highways. What work was done and when was this done?

We have a Selectboard Meeting tonight and the chair is asking questions about this item.

Thank you.

Subject: MORRISTOWN: 2026 Mileage Certificate Not Yet Received (Corrected Re-Send)

Greetings from the VTrans Mapping Section,

Please disregard the previous email sent by us about 1.5 hours ago, because that email had last year's Mileage

Certificate (2025) attached instead of this year's (2026) Mileage Certificate. PLEASE make sure you are using

a copy of the certificate with the year 2026, and sincerest apologies for the confusion!

The VTrans Mapping Section sent you an email on 1/6/2026 with Morristown's 2026 Mileage Certificate attached.

This is a friendly reminder to complete, sign, and return the certificate to us by February 20, 2026. For your

convenience, we have also attached a copy of the certificate to this email, and completed certificates can be scanned and returned to us at aot.mileagecertificates@vermont.gov.

Please note that the Mileage Certificate needs to be signed and returned to the Mapping Section even if there are no changes. VTrans uses this certificate to confirm highway mileage for the purpose of allocating state aid for town roads. If we do not receive a completed mileage certificate from you by March 17, 2026, we will assume there are no changes from last year's certificate and state aid will be based on those mileages.

Sincerely,

Kerry Alley

Oh my goodness I am so sorry! I realized the approach for Maple Street will not have mileage added to it since it is one-way. I apologize for the confusion.

Thank you,

Pam

Subject: RE: Mileage update for 2026: TH-541 (High St) and TH-528 (Maple St)

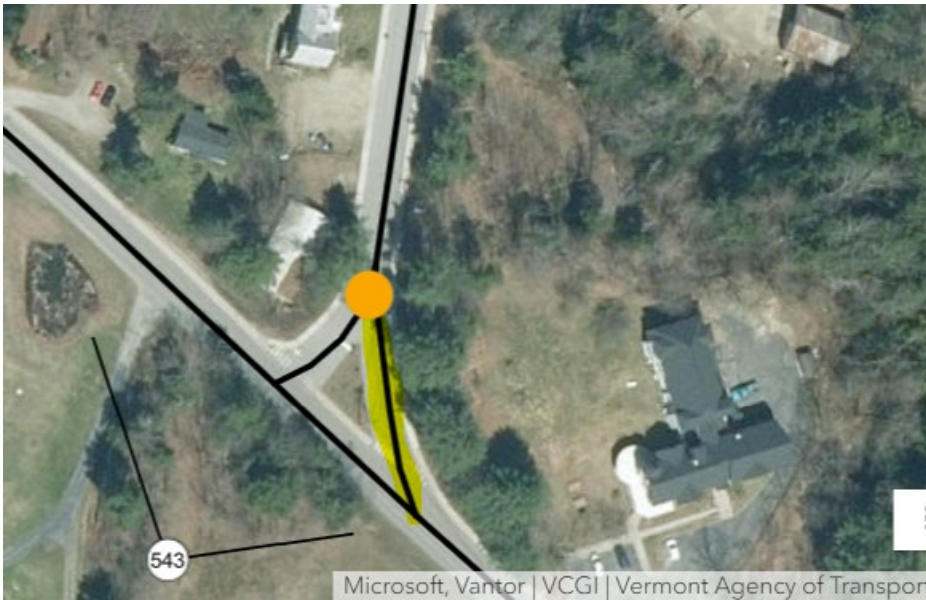

Hi again Brent and Sara,

Sorry I didn't mean to send that email without a visual and more of an explanation.

I wanted to let you know that we have updated the following intersection in Morristown, that will result in a mileage change of **+0.02 Class 3 miles for TH-541** (High St). In the image below you can see the details of the change highlighted in yellow.

We also have an addition of an approach from **TH-528** (Maple Street) to TH-543 (Washington Hwy) that will result in a **+0.03 miles to Class 3** for this road (see image below).

We can preload both of these changes on the 2026 Mileage Certificate so look out for that in the new year.

Thank you!

Pam
