Vermont Statutes Annotated

19 V.S.A. § 305. Measurement and inspection

§ 305. Measurement and inspection

(a) After reasonable notice to the selectboard, a representative of the agency may measure and inspect the class 1, 2, and 3 town highways in each town to verify the accuracy of the records on file with the agency. Upon request, the selectboard or their designee shall be permitted to accompany the representative of the agency during the measurement and inspection. The agency shall notify the town when any highway, or portion of a highway, does not meet the standards for its assigned class. If the town fails, within one year, to restore the highway or portion of the highway to the accepted standard, or to reclassify, or to discontinue, or develop an acceptable schedule for restoring to the accepted standards, the agency for purposes of apportionment under section 306 of this title shall deduct the affected mileage from that assigned to the town for the particular class of the road in question.

(b) Annually, on or before February 10, the selectboard shall file with the town clerk a sworn statement of the description and measurements of all class 1, 2, 3, and 4 town highways and trails then in existence, including any special designation such as a throughway or scenic highway. When class 1, 2, 3, or 4 town highways, trails, or unidentified corridors are accepted, discontinued, or reclassified, a copy of the proceedings shall be filed in the town clerk's office and a copy shall be forwarded to the agency.

(c) All class 1, 2, 3, and 4 town highways and trails shall appear on the town highway maps by July 1, 2015.

(d) At least 45 days prior to first including a town highway or trail that is not clearly observable by physical evidence of its use as a highway or trail and that is legally established prior to February 10, 2006 in the sworn statement required under subsection (b) of this section, the legislative body of the municipality shall provide written notice and an opportunity to be heard at a duly warned meeting of the legislative body to persons owning lands through which a highway or trail passes or abuts.

(e) The agency shall not accept any change in mileage until the records required to be filed in the town clerk's office by this section are received by the agency. A request by a municipality to the agency for a change in mileage shall include a description of the affected highway or trail, a copy of any surveys of the affected highway or trail, minutes of meetings at which the legislative body took action with respect to the changes, and a current town highway map with the requested deletions and additions sketched on it. A survey shall not be required for class 4 town highways that are legally established prior to February 10, 2006. All records filed with the agency are subject to verification in accordance with subsection (a) of this section.

(f) The selectboard of any town who are aggrieved by a finding of the agency concerning the measurement, description or classification of a town highway may appeal to the transportation board by filing a notice of appeal with the executive secretary of the transportation board.

(g) The agency shall provide each town with a map of all of the highways in that town together with the mileage of each class 1, 2, 3, and 4 highway, as well as each trail, and such other information as the agency deems appropriate.

Ingrid Van Steamburg, Selectboard Chair
Town of Tunbridge, c/o Town Clerk
PO Box 6
Tunbridge, VT 05077

Dear Ms. Van Steamburg,

The VTrans Mapping Unit has not accepted the addition of 0.4 miles of class 4 town highway and 0.35 miles of legal trail, or the discontinuance of TH-71 as submitted on Tunbridge's 2010 Certificate of Highway Mileage, due to the lack of documentation showing the legal establishment of this highway through the formal laying out process or "dedication and acceptance".

VTrans sent a letter on March 29, 2010 to the Town of Tunbridge requesting documentation regarding the establishment of this highway and trails, and no documents have been received to date. The Vermont Supreme Court decision, *Austin v. Town of Middlesex*, 2009 VT 102 (Oct. 27, 2009) has reaffirmed the need for documentation showing the legal establishment of town highways and trails. A copy of this decision can be found at the following link –

<http://info.libraries.vermont.gov/supct/current/eo2008-428.html>

The changes that were not accepted and listed on the 2010 Certificate of Highway Mileage may be re-submitted on the 2011 Certificate for review and the potential inclusion on the 2011 Town Highway Map.

The VTrans Mapping Unit has accepted the 2.15 miles of the legal trail additions, which have been added to the mileage and will be added to the General Highway Map for Tunbridge.

Please feel free to contact me with any questions or comments related to this letter, or mapping in general.

Sincerely,

Johnathan Croft

Ingrid Van Steamburg, Selectboard Chair
Town of Tunbridge, c/o Town Clerk
PO Box 6
Tunbridge, VT 05077

Dear Ms. Van Steamburg,

The VTrans Mapping Unit has received and begun the review of Tunbridge's 2010 Certificate of Highway Mileage, and to complete the review and accept the changes, I am requesting additional documentation.

I would like to request copies of the documents that are referenced in the "Town of Tunbridge – Notice of Ancient Roads Decision", that was signed 2/8/2010. These documents include the following:

- 1.A.) Town of Tunbridge; Road Book II; Page 106 (#15) – documents related to the discontinuance of TH-71 (0.50 miles)
- 2.B.) Town of Tunbridge; Road Book II; Page 129 – documents related to the extension of TH-46
- 2.B.) Town of Tunbridge; Road Book II; Page 505 – documents related to the extension of TH-46

The discontinuance of class 4 TH-71 is referenced in the supplied documentation, but the 0.50 miles has not been included on the Mileage Certificate as a subtraction for the class 4 town highway mileage. I would like to include this subtraction once the documentation has been received, which will bring the total class 4 mileage to 13.00 miles. The class 4 mileage would be as follows:

$$13.10 \text{ (original class 4 mileage)} + 0.40 \text{ (TH-46 addition)} - 0.50 \text{ (TH-71 disc.)} = 13.00 \text{ miles}$$

Regarding the two legal trails that have been added to the Mileage Certificate, referenced as LT-4 and LT-5, please forward documentation showing the legal establishment of these trails.

Highways and trails may have established in several ways, including the formal layout process as defined in the statutes at the time or through "dedication and acceptance," where the landowner dedicates the land to town and the selectboard accepts the right of way for the highway or trail. We request any documents that provide evidence that the trail was legally established and remains a public right of way. This documentation may include copies of original surveys, deeds, selectboard minutes, road calls, highway maintenance records, or other direct references to the establishment of the highways or trails.

I have included a copy of the Ancient Road Practicum that provides details on the documentation requirements that were defined in Act 178 of 2006 and can be found in 19 V.S.A § 305(e). This information includes a description of the affected highway or trail, copies of any surveys, minutes of the meetings at which the legislative body took action with respect to the changes, and a current town highway map with the deletions and additions sketched on it.

The information that has been provided includes the sketch map and descriptions of the highways and trails, we seek documentation showing the legal establishment of the highways and trails, and in the case of TH-71, the discontinuance of this highway.

The VTrans Mapping Unit will make the necessary changes once the documentation has been supplied. Please feel free to contact me with any questions or comments related to the Mileage Certificate, or mapping in general.

Thank you.

Sincerely,

Johnathan Croft

2. Addition of Class 4 Roads

B. Town Highway #46. .4 miles added to the Town Highway known as Ordway Road. Beginning at the private way of Alec and Nancy Frost at .8 miles from Town Highway #45 and extending .4 miles in a North Westerly direction up the existing road bed shown on Town Maps of 1858, 1877 and Town Road Maps of 1931 and 1942. Recorded in Town of Tunbridge; Road Book II; Page 129; Dated May 14, 1942. Alec Frost (abutter) has requested that the Select Board consider this .4 be added as a Legal Trail and not a Class 4 Road. Per documentation dated September 17, 1990 and to be recorded in Road Book II; Page ____ of the Tunbridge Land Records, this section is currently a Class 4. With respect of Mr. Frost request the Select Board agreed to not change the Class of this portion and to leave as a Class 4 as recorded in above description.

3. Addition of Legal Trails

C. Town Highway #45 .3 miles added to Town Highway #45 known as Falls Hill Road. Beginning at the 90degree Bend; N43degree; 53'19"; W72degree; 32'20" and extending .3 miles as a Legal Trail to the crest of the hill at N43degree; 53'26"; W72degree; 32'39".

D. Town Highway #57 .5 miles added to the portion of Town Highway #57 known as Gage Road. Beginning at the junction of Gage Road and the Ledges Road at N43 degree; 52'23"; W72degree; 33'34" and running due North to the bend on the corner of Gifford Hill Road; Town Highway #34 at N43degree; 52'50"; W72degree; 33"33W. This portion to be added to the Town Highway Map as a Legal Trail.

The Select Board voted to approve above Road changes and these changes are to be documented on the Town of Tunbridge Highway Map.

Mr. Floyd McPhetres
Randolph Center, VT 05061

Dear Floyd:

This letter will serve as a formal confirmation, and notice of the continuation of Class IV Town Highway #46 beyond the former Clarence Ordway residence, northwesterly, approximately one-quarter of a mile.

The August 28th Selectmen's meeting was attended by Mr. and Mrs. Frost, and Mr. and Mrs. Heminway. Apparently it has been their understanding that TH #46 did continue to your property beyond the Ordway place. I also informed them of what information you and I had discovered in the Tunbridge Highway Reports; i.e., no formal discontinuance of this particular section of road.

You should also be advised that as a Class IV road, annual maintenance will be minimal, and "may be maintained to the extent required by the necessity of the town, the public good and the convenience of the inhabitants of the town,...." See Title 19, Vermont Statutes Annotated, Section 310. This portion of TH #46 will not receive the same attention as Class III roads.

Finally, with respect to reopening the portion of TH #46 above Ordway's, you should, of course, exercise care and periodically check with Road Commissioner Tim Mullen as you proceed in reopening. Particular attention should be paid to the wet areas, and culvert placement. In addition, all trees and stone walls adjoining the roadbed should remain intact. Only those trees located in the roadbed may be removed. Improvements may be made only within the existing roadbed, and the width of the road should remain the same as its current width.

If you have any questions, or concerns please don't hesitate to contact Tim Mullen, the Selectmen, or myself.

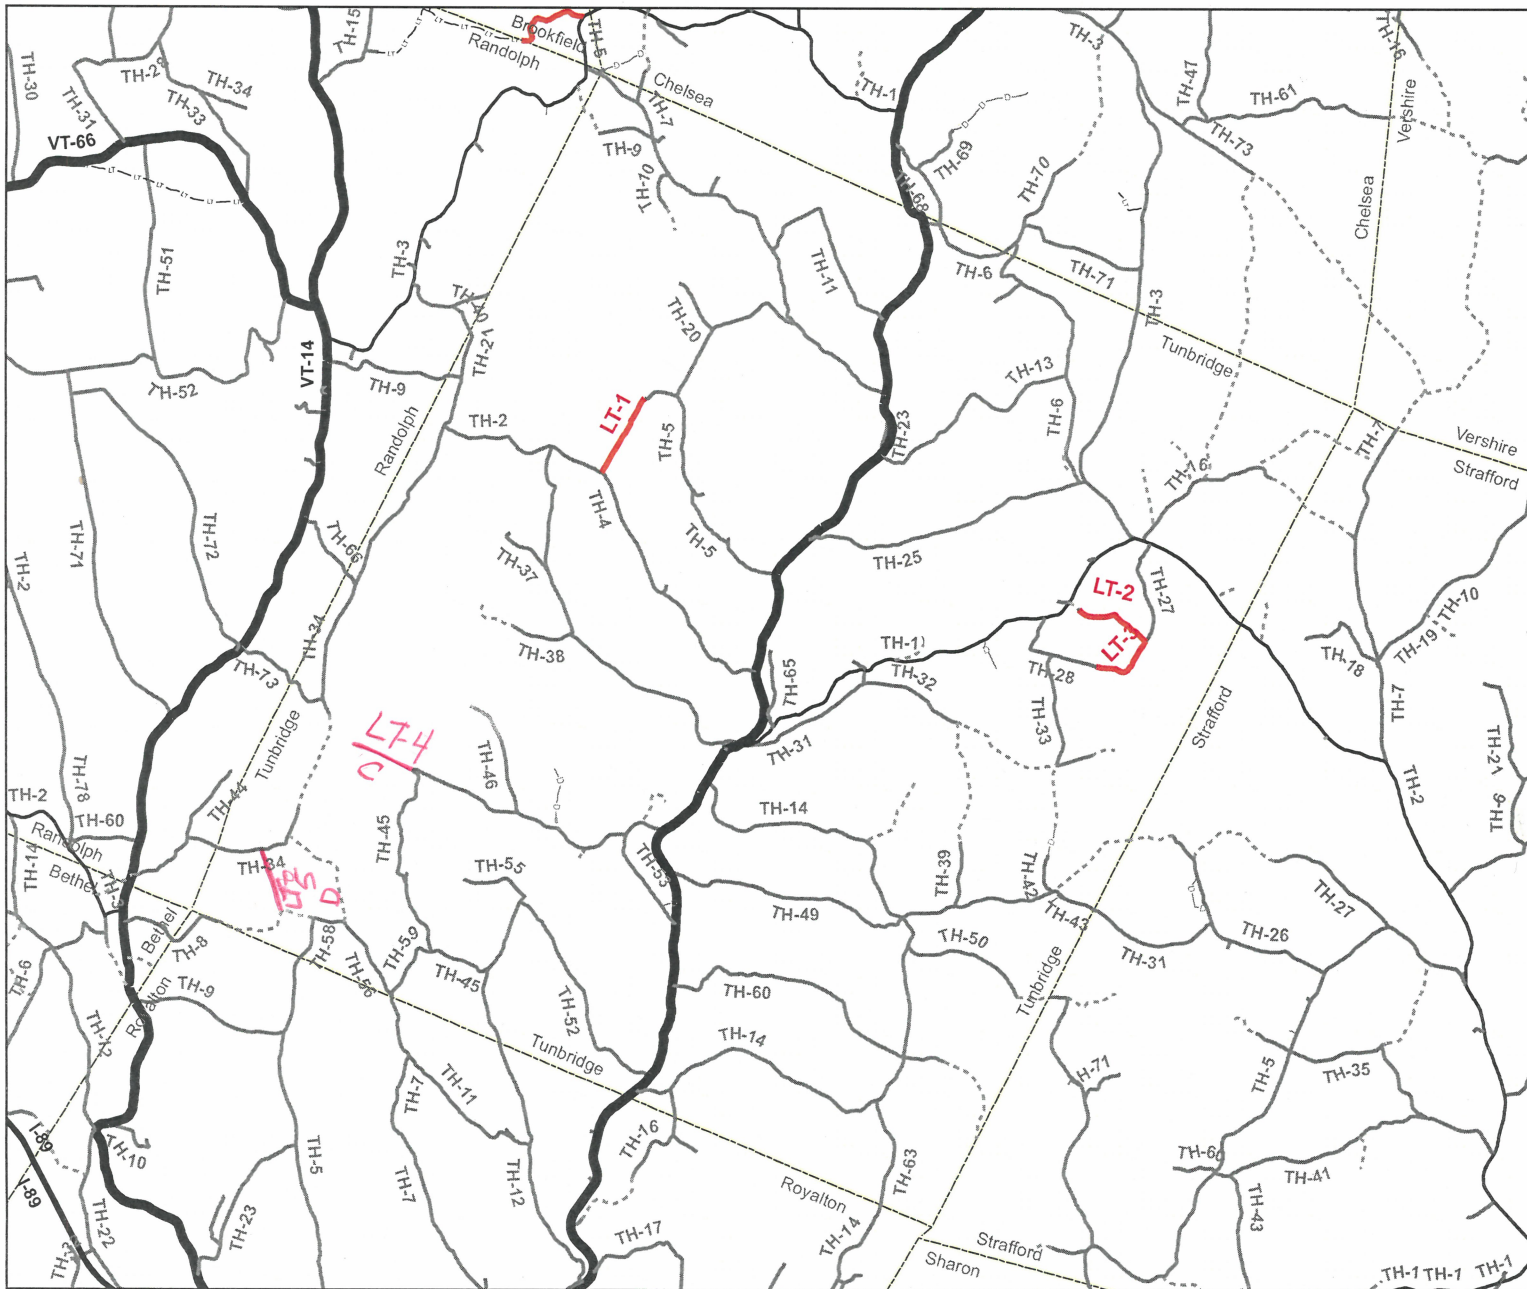

Thank you.

Sincerely,

Marc Eagle
