Attention of Chairman

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1968 by H. C. Eaton, Selectman, with Mr. Potter of this office.

The resulting changes in highway mileage are indicated on the enclosed map and are explained on the attached breakdown sheet.

The second breakdown sheet indicates those roads for which we will require copies of the rights-of-way and Certificates of Completion and Opening before they can be added to your Town Highway mileage.

Also, due to remeasurement, the length of SA 1 was increased 0.060 mile and that of SA 3 was increased 0.050 mile.

For your convenience we have entered these changes on the enclosed Highway Mileage Certificate and would appreciate your entering any other Town Highway changes processed in accordance with the Statutes during the past year.

The completed Mileage Certificates must reach this office by March 15, 1969 in order for these mileage changes to be effective at this time.

Very truly yours,

Attention of Chairman

Gentlemen:

Thank you for the prompt submission of your Highway Mileage Certificate.

However, we cannot accept the proposed addition to Town Highways until we have received proper substantiation on a Selectman's Certificate of Completion and Opening to Public Travel.

This certificate is quite simple, consisting of a copy of the description of the addition as it appears in the Town Records and incorporating in that description the information on the laying out of this new section, and then a statement by the Selectman that this section has the required right-of-way and is complete and open to public travel.

If this information can be forwarded to this office prior to March 15, 1963, the 0.00 mile may still be added to your Town Highway mileage before we make our submission to the Auditor of Accounts very soon after March 15th.

Gentlemen:

Thank you for the prompt submission of your Highway Mileage Certificates.

However, as we require only one yellow and one white copy for our records, we are returning the other yellow copy for your records.

At the same time we have made an entry of an additional 0.10 mile to your Town Highway mileage for the relinquished portion of Vt. 113.

We can understand that this entry was probably omitted because of the very little time lapse between our forwarding of the duplicate set of papers and the return of the mileage certificates to us.

Thank you for your cooperation.

Very truly yours,

Mr. Carl G. Cook
Chairman
Board of Selectmen
West Fairlee, Vermont

Dear Sir:

With regard to your letter of March 13, 1961, if the town feels that T-24 and T-25 should not be discontinued, then it is perfectly all right to retain these in your Town Highway mileage.

It will only be necessary to subtract the amount shown on the breakdown sheet for these two roads, from the total amount to be subtracted as shown at the bottom of the breakdown sheet. It will not be necessary to add the mileage for these two roads on because it is already in the original figure on the mileage certificates.

If we can be of any further assistance, please feel free to call on us.

Very truly yours,

Attention of Chairman

Gentlemen:

With regard to the completion of the enclosed Highway Mileage Certificates, all the travelled highways in your town were measured in 1959 by Mr. Earl Pope, Agent for the Selectmen, with Mr. Cookson of this office, in accordance with Title 19, V.S.A., Section 15.

The resulting subtractions and revisions are indicated on the enclosed map and explained on the attached breakdown sheet.

This information was forwarded to you in 1960, but as the 1960 Highway Mileage Certificates were not returned to this office, the changes have not become effective.

Would you please enter the amounts to be added or subtracted, on Town Highways, on the enclosed mileage certificates, as well as noting any change that may have occurred during the past year.
