Yes sorry we are aware of the change i meant there was no further changes on the town's end. We have updated the change sent back to us in October already.

Thank you for clarifying if you need anything else to process let me know. Thank you again for checking and fixing this for the Town of Albany

Good afternoon Tonya,

Thank you very much for the certificate. I noticed you indicated no changes and marked the no changes box (circled in red below). But we preloaded a Class 4 mileage change in # 3 for TH-5 (Griggs Rd) highlighted below. I can correct Part I for you but want to make sure the Town is aware of this change. I emailed you about this change back in October (see attachment).

* Mileage for Class 1 Lane, Class 4, and Legal Trail classifications are NOT included in total.

PART II - INFORMATION AND DESCRIPTION OF CHANGES SHOWN ABOVE.

Thank you so much for your quick response! No, you don't need to do anything right now, just be aware that the change will be on the Mileage Certificate sent to you in early 2026. When filling out Part I of the Certificate, the mileage change should be accounted for in the total mileage and the Selectboard should be aware when they sign the certificate.

Best,

Pam

Good Morning,

Thank you for the update, I have added the Road Commissioner to this email in case he has any questions and will pass the information along to the Board.

The town doesn't need to do anything on our end for this correction, am I correct?

Good afternoon,

We are diving into potential mileage changes for towns for 2026 and came across this mapping error in Albany. We were mapping the intersection of TH-5 (Griggs Rd) and TH-11 (Chamberlain Hill Rd) as a T intersection, and not a Y as it should be as shown below. As I was updating the intersection, I noticed that the mileage may be a bit off for TH-5. I now measure the road to be 0.93 miles even with the addition of the approach, not 1.00 miles as we currently have it recorded.

We have updated the road data to reflect the Y intersection and can update the mileage in the next Mileage Certificate cycle for this road as follows:

-0.07 mi CL4 TH-5 (Griggs Rd) added previously unmapped approach and remeasured.

We can preload this change on the mileage certificate that you will receive after the new year for the Selectboard's approval so be sure to look out for that.

Thank you and let us know if you have any questions.

Best,

Pam
