Attention of Chairman

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1966 by Mr. Dale Swenney, Road Commissioner, Mr. Philip Rowell, Selectman; and Mr. Harvey of this office.

The resulting changes in highway mileage are indicated on the enclosed map and are explained on the attached breakdown sheet.

However, before the 0.10 mile section of Town Highway 20A indicated by the letter "I" on the map can be included in your Town Highway System, it will be necessary that you furnish us a copy of the Right-of-Way and a Certificate of Completion and Opening. For your information a sample format for this Certificate is attached.

For your convenience, we have entered the changes in Town Highway Mileage on the enclosed Highway Mileage Certificate and would appreciate your entering any other Town Highway changes processed in accordance with the Statutes this past year.

Very truly yours,

R. J. Nicholls
Highway Planning Engineer

Attached are selection certificates for the towns of Albany, Morrisville, Weston and Westmore.

During the past ten years, due to re-measurement of existing State Aid Highways and construction projects on these State Aid Highways, the original selected mileage has been changed slightly on our mileage records. In the past, it has been considered a nuisance to send out new reselections for these small changes, which have been reported correctly on the March mileage reports. Most of these revisions are very minor; however, they have a nuisance value when claims are checked against the March mileage reports and the reselection certificates on file.
