Gentlemen:

Due to a typographical error, the town Highway Mileage as shown on the Highway Mileage Certificates which you recently signed was incorrect.

The figure as shown on the mileage Certificate was 29.59 miles. This figure should have read 29.39 miles.

We have changed our copies of the Certificates to incorporate this correction and request you do the same.

Attention of Chairman

Gentlemen:

In accordance with Title 19, V.S.A., Section 15, as amended, all the traveled highways in your town were measured in 1966 by Ralph Durivage, Road Commissioner; Rene Pion, Selectman; with Mr. Harvey of this office.

The resulting changes in highway mileage are indicated on the enclosed map and are explained on the attached breakdown sheet.

Please note that we have not added Town Highway 47A to your Town Highway Mileage. Before this can be accomplished it will be necessary for you to furnish us a copy of the Right-of-Way and a Certificate of Completion and Opening. A sample format for this Certificate is attached.

In addition, you have indicated that you wish to discontinue Town Highway 13. Before this can be done it will be necessary for you to hold formal discontinuance proceedings and furnish us a copy of same. Because T-13 is now listed as a pent road, no mileage change will result from its discontinuance.

For your convenience, we have entered the changes in Town Highway Mileage on the enclosed Highway Mileage Certificate and would appreciate your entering any other Town Highway changes processed in accordance with the statutes this past year.

Very truly yours,
