Hi Nancy,

Thank you so much for this certificate last week. I just wanted to let you know that the change in mileage for Class 4 is actually -0.16 miles, not -0.14 miles. That is due to -0.15 miles for TH-16 and -0.01 for TH-18. I made the correction on the cert as shown below. If you could just email me back that the Town agrees with that change, that would be great.

| * Mileage for Class 1 Lane, Class 4, and Legal Trail classifications are NOT included in total. | | | | | |

Thank you!

Hi Sara,

I got a phone call from Pam today. She has not yet received the certificate of highway mileage from you yet. I know that the Selectboard and I have signed the certificate. I had put it in your box but it's no longer there so I'm assuming you have it.

There were a couple of changes that were preloaded into the certificate.

Would you kindly send the certificate on to Pam.

Thanks and have a great afternoon,

Nancy

Hi Sara and Nancy,

I wanted to let you know that Tyler Hermanson of E911 alerted us to update an intersection of two Class 4 roads (TH-16 and TH-18) and one Legal Trail (LT-6). It was mapped as all coming together at the same point (see green lines in image below) but we have updated it to be correct according to updated imagery and elevation data (see black lines in image below).

The updated AOT miles based on this correction will be:

LT-6: +0.15 miles - from 1.35 miles to 1.50 miles
TH-16: -0.15 Class 4 miles – from 1.10 miles to 0.95 miles
TH-18: -0.01 Class 4 miles – from 0.76 miles to 0.75 miles

We can pre-load these changes on the 2024 Mileage Certificate and update the map next summer. Please share this with the selectboard and let me know if you have any questions.

Best,

Pam
