----- Original Message ----- Hi Sara,

I hope you are feeling better.

You emailed me yesterday asking how you could help. Hopefully the message below that I sent Johnathan on 7/20, explains Moretown's situation. Residents on Soapstone Road believe that it was once a town highway. I am wondering if the COHM was never sent in to make the change on the highway maps as I believe the road would have been T-68.
Thank you,

Hi Johnathan,

You may recall about a month ago I asked you to check old records to see if Moretown ever showed a road by the name of Soapstone Road, and you found no record of it ever being a road. Today when I was looking for something entirely different, I found the attached Certificate from 1990. We always referred (for reasons before I came to work her??) Soapstone Road (a private road on our records) was referred to as T68. So I am thinking that Soapstone (T68) was meant to be added as a town highway in 1990 but the Certificate was never sent to VTrans because I found the original in the file.

I have attached the 1989 Certificate where Gallagher Acres was added T67, and it looks like it was added to the Class 3 totals, but I don't have Certificates between 1990 and 1997, so I don't know what happened in between or if T68 was added to the totals. My guess is it wasn't because I don't think it is not on the VTrans highway map.

What are our options for adding the road to our highway network now if we want to do so? I appreciate any help or advise you can offer.

Regards,

Cheryl Brown
