(a) A representative of the agency in the presence of the selectmen or their designees shall measure and inspect the class 1, 2 and 3 town highways in each town at least once every ten years. The agency shall notify the town when any highway, or portion of a highway, does not meet the standards for its assigned class. If the town fails, within one year, to restore the highway or portion of the highway to the accepted standard, or to reclassify, or to discontinue, or develop an acceptable schedule for restoring to the accepted standards, the agency for purposes of apportionment under section 306 of this title shall deduct the affected mileage from that assigned to the town for the particular class of the road in question.

TO TOWN/CITY/VILLAGE CLERK &
SELECTMEN/ALDERMEN/TRUSTEES OF: Northfield

Enclosed is your 1991 Certificate of Highway Mileage. THIS CERTIFICATE MUST BE COMPLETED in order to determine and distribute state aid for Town Highways. Please remember that mileage changes, with documentation, can be sent to the Planning Division any time during the year.

In 1989, when your Town Highways were inspected and remeasured by Jay H. Kilton, Road Inventory Supervisor, the following highways were found to NOT meet Class 3 standards:

NUMBER	MILEAGE	REASON NOT CLASS 3
T-32	0.08	Not up to Class 3 standards.

These highways were subsequently reinventoried in 1990 by Jay H. Kilton, Road Inventory Supervisor, and found to still not meet Class 3 standards. These sections of highways will be deducted from your Class 3 mileage and transferred to the Class 4 section where they will be noted by an asterisk. These sections are still Class 3 by law, but are Class 4 functionally, therefore not eligible for Town Highway State Aid until brought up to Class 3 standards.

If you have any questions, please call the Road Inventory Supervisor, Jay Kilton, at 828-2676.

Sincerely,

Wilson K. Wheatley, III, P.E.
Planning Engineer
