

CERTIFICATE OF HIGHWAY MILEAGE
YEAR ENDING FEBRUARY 10, 2011

Fill out form, make and file copy with the Town Clerk, and mail ORIGINAL, before February 20, 2011 to: Vermont Agency of Transportation, Division of Planning, Outreach and Community Affairs, One National Life Drive, Montpelier, VT 05633.

We, the members of the legislative body of BRATTLEBORO in WINDHAM County on an oath state that the mileage of highways, according to Vermont Statutes Annotated, Title 19, Section 305, added 1985, is as follows:

PART I - CHANGES TOTALS - Please fill in and calculate totals.

Table with 6 columns: Town Highways, Previous Mileage, Added Mileage, Subtracted Mileage, Total, Scenic Highways. Rows include Class 1, Class 2, Class 3, State Highway, Total, Class 1 Lane, Class 4, Legal Trail, and Unidentified Corridor.

* Mileage for Class 1 Lane, Class 4, Legal Trail, and Unidentified Corridor classifications are NOT included in total.

PART II - INFORMATION AND DESCRIPTION OF CHANGES SHOWN ABOVE.

- 1. NEW HIGHWAYS: Please attach Selectmen's "Certificate of Completion and Opening".
2. DISCONTINUED: Please attach SIGNED copy of proceedings (minutes of meeting).
3. RECLASSIFIED/REMEASURED: Please attach SIGNED copy of proceedings (minutes of meeting).
4. SCENIC HIGHWAYS: Please attach a copy of order designating/discontinuing Scenic Highways.

-0.01 mi CL2 TH-10, +0.09 mi CL4 due to new bridge and realignment

IF THERE ARE NO CHANGES IN MILEAGE: Check box and sign below. [X]

PART III - SIGNATURES - PLEASE SIGN.

Selectmen/ Aldermen/ Trustees Signatures:

Handwritten signatures of town officials and the clerk.

T/C/V Clerk Signature:

Handwritten signature of the clerk.

Date Filed: February 3, 2011

Please sign ORIGINAL and return it for Transportation signature.

mailed to above 2/3/11

AGENCY OF TRANSPORTATION APPROVAL: Signed copy will be returned to T/C/V Clerk.

Chair, Selectboard
Brattleboro, c/o Town Clerk
230 Main St, Ste 108
Brattleboro, VT 05301

After we received Brattleboro's 2011 Certificate of Highway Mileage, we were notified that a portion of Guilford Street was realigned due to project number BRF 2000(21)S. Specifically, a new bridge was built to bypass the Creamery covered bridge at the end of Guilford Street (Class 2 TH-10) where it intersects VT-9. This resulted in a change in town highway mileage.

The mileage for the section of Class 2 TH-10 between VT-9 and TH-375 (Winston Prouty Wy) is reduced by 0.01 miles.

In reviewing the project plans, it appears that the old right-of-way remains open to the public, but its classification is not specifically identified. Based on the project plans, it appears that the remaining portion does not meet Class 2 or Class 3 town highway standards, and therefore, by default receives the classification of Class 4.

This will add a new Class 4 town highway of 0.09 miles.

I have enclosed a map that shows our interpretation of the new alignments and highway classifications.

Please review and confirm if our interpretation is correct. We would like to include this change on the 2011 Town Highway Map for Brattleboro and properly reflect the current traveled mileage. Please find enclosed a modified Certificate of Highway Mileage based on the interpretation of the changes noted above.

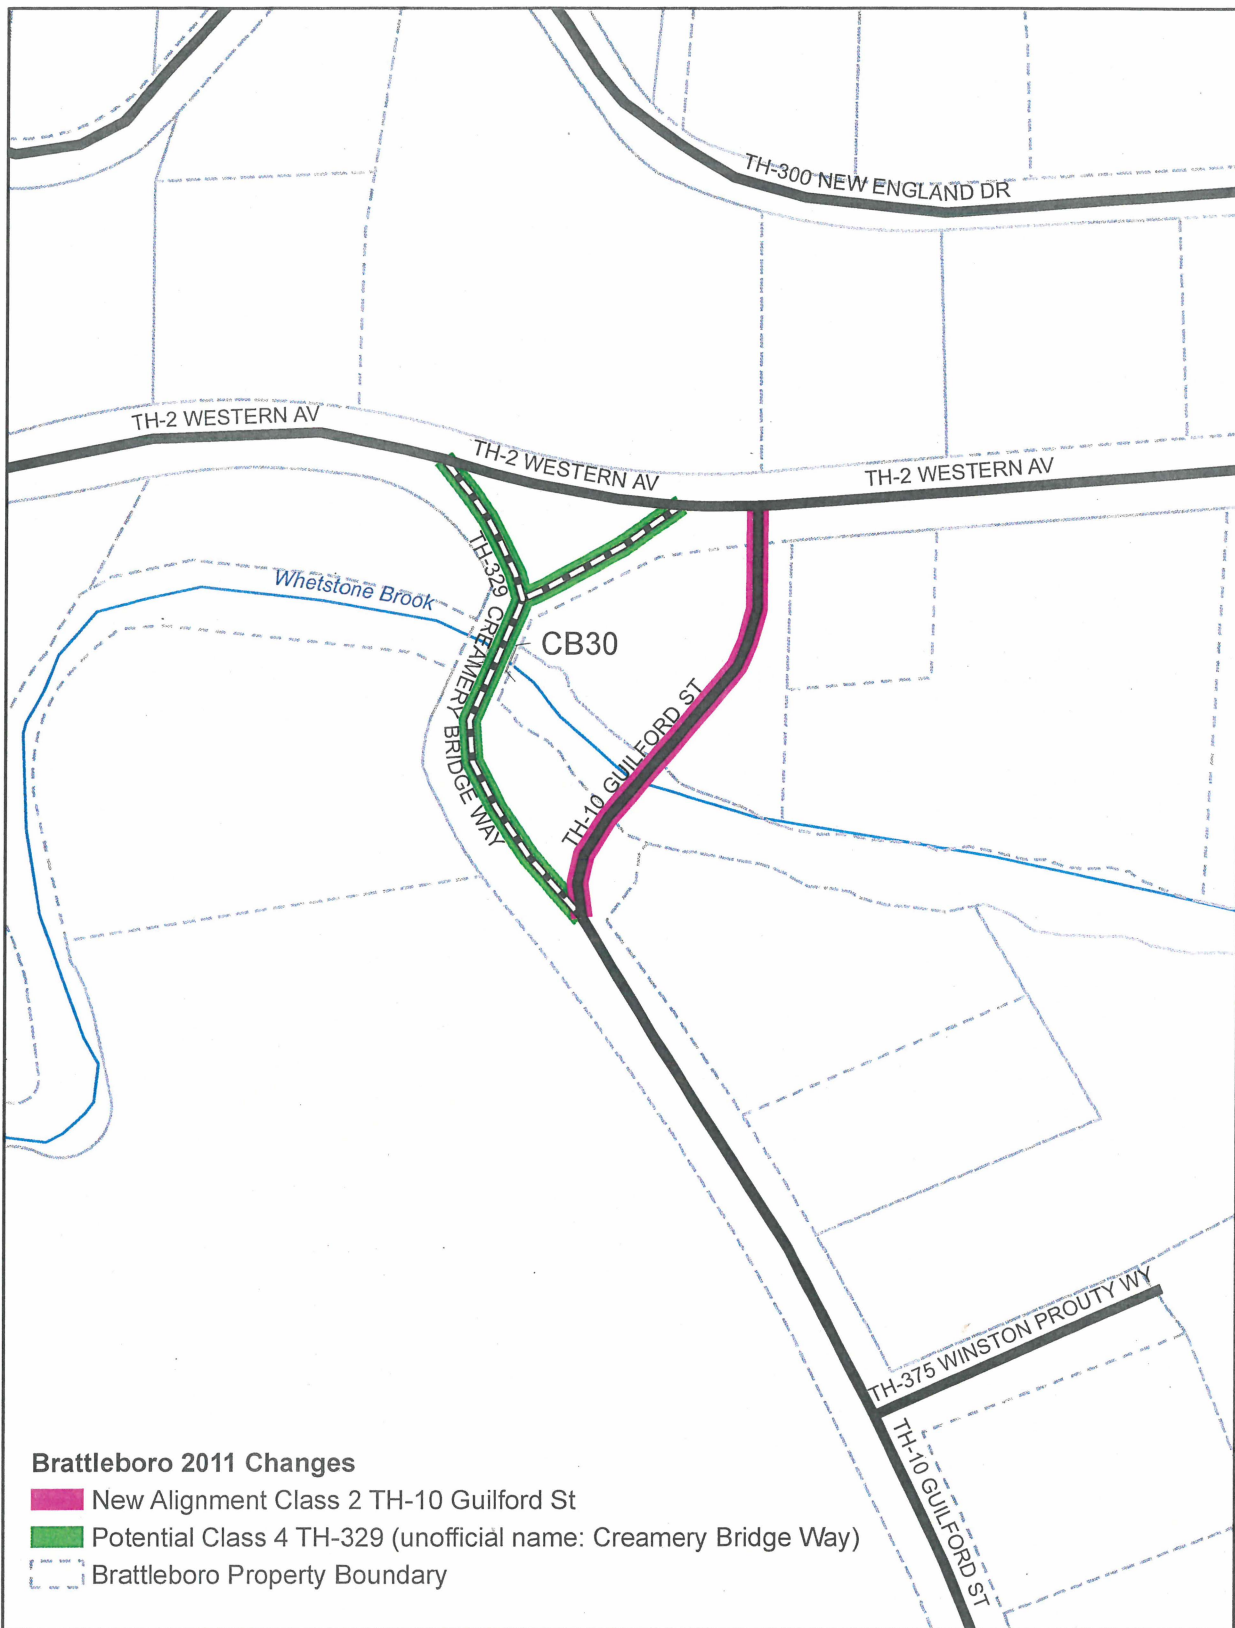

Please feel free to contact me with any questions or comments regarding the proposed mileage changes, or the town highway mapping process in general.

Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Sara Moulton".

I am looking for project plans for BRF 2000 (21) S in Brattleboro. It involves the intersection of VT-9 (Class 1 TH-2) and Class 2 TH-10 (Guilford St). I looked in DPR and didn't find it. Is it a project you have? I don't need the final as-builts, just basic project plans. The project was built in 2010.

Subject: Brattleboro

Johnathan

In Brattleboro a new bridge was constructed last year on TH#10 next to our old covered bridge (CB30). The covered bridge remains for bicycles and pedestrians only.

This was a State funded and designed project built on existing Town land. We did not submit this on our yearly roads update. Maybe we should have but there were no new deeds or ROW to submit. State project number is BRF 2000 (21) S

Attached is a center line that I collected with our GPS after it was built. It is a sub meter instrument with differential correction. Trimble Geo XT

You may already have this or not. I am not sure so I send you this email.

Thank you

Gary
