(a) A representative of the agency in the presence of the selectmen or their designees shall measure and inspect the class 1, 2 and 3 town highways in each town at least once every ten years. The agency shall notify the town when any highway, or portion of a highway, does not meet the standards for its assigned class. If the town fails, within one year, to restore the highway or portion of the highway to the accepted standard, or to reclassify, or to discontinue, or develop an acceptable schedule for restoring to the accepted standards, the agency for purposes of apportionment under section 306 of this title shall deduct the affected mileage from that assigned to the town for the particular class of the road in question.

Dear Sirs:

We are in receipt of your 1988 mileage certificate. We found a discrepancy between the mileage listed on your Certificate of Completion and Opening of a Town Highway which listed Imtec Lane as being a total of 775.61 feet, a length of 0.15 miles, not 0.40 as listed on the mileage certificate.

Please be advised that we are correcting this apparent error. Enclosed is a copy of the corrected certificate.

Sincerely,

J.E.R. Landry, P.E.
