§ 305. Measurement and inspection

(a) After reasonable notice to the selectboard, a representative of the agency may measure and inspect the class 1, 2, and 3 town highways in each town to verify the accuracy of the records on file with the agency. Upon request, the selectboard or their designee shall be permitted to accompany the representative of the agency during the measurement and inspection. The agency shall notify the town when any highway, or portion of a highway, does not meet the standards for its assigned class. If the town fails, within one year, to restore the highway or portion of the highway to the accepted standard, or to reclassify, or to discontinue, or develop an acceptable schedule for restoring to the accepted standards, the agency for purposes of apportionment under section 306 of this title shall deduct the affected mileage from that assigned to the town for the particular class of the road in question.

(b) Annually, on or before February 10, the selectboard shall file with the town clerk a sworn statement of the description and measurements of all class 1, 2, 3, and 4 town highways and trails then in existence, including any special designation such as a throughway or scenic highway. When class 1, 2, 3, or 4 town highways, trails, or unidentified corridors are accepted, discontinued, or reclassified, a copy of the proceedings shall be filed in the town clerk's office and a copy shall be forwarded to the agency.

(c) All class 1, 2, 3, and 4 town highways and trails shall appear on the town highway maps by July 1, 2015.

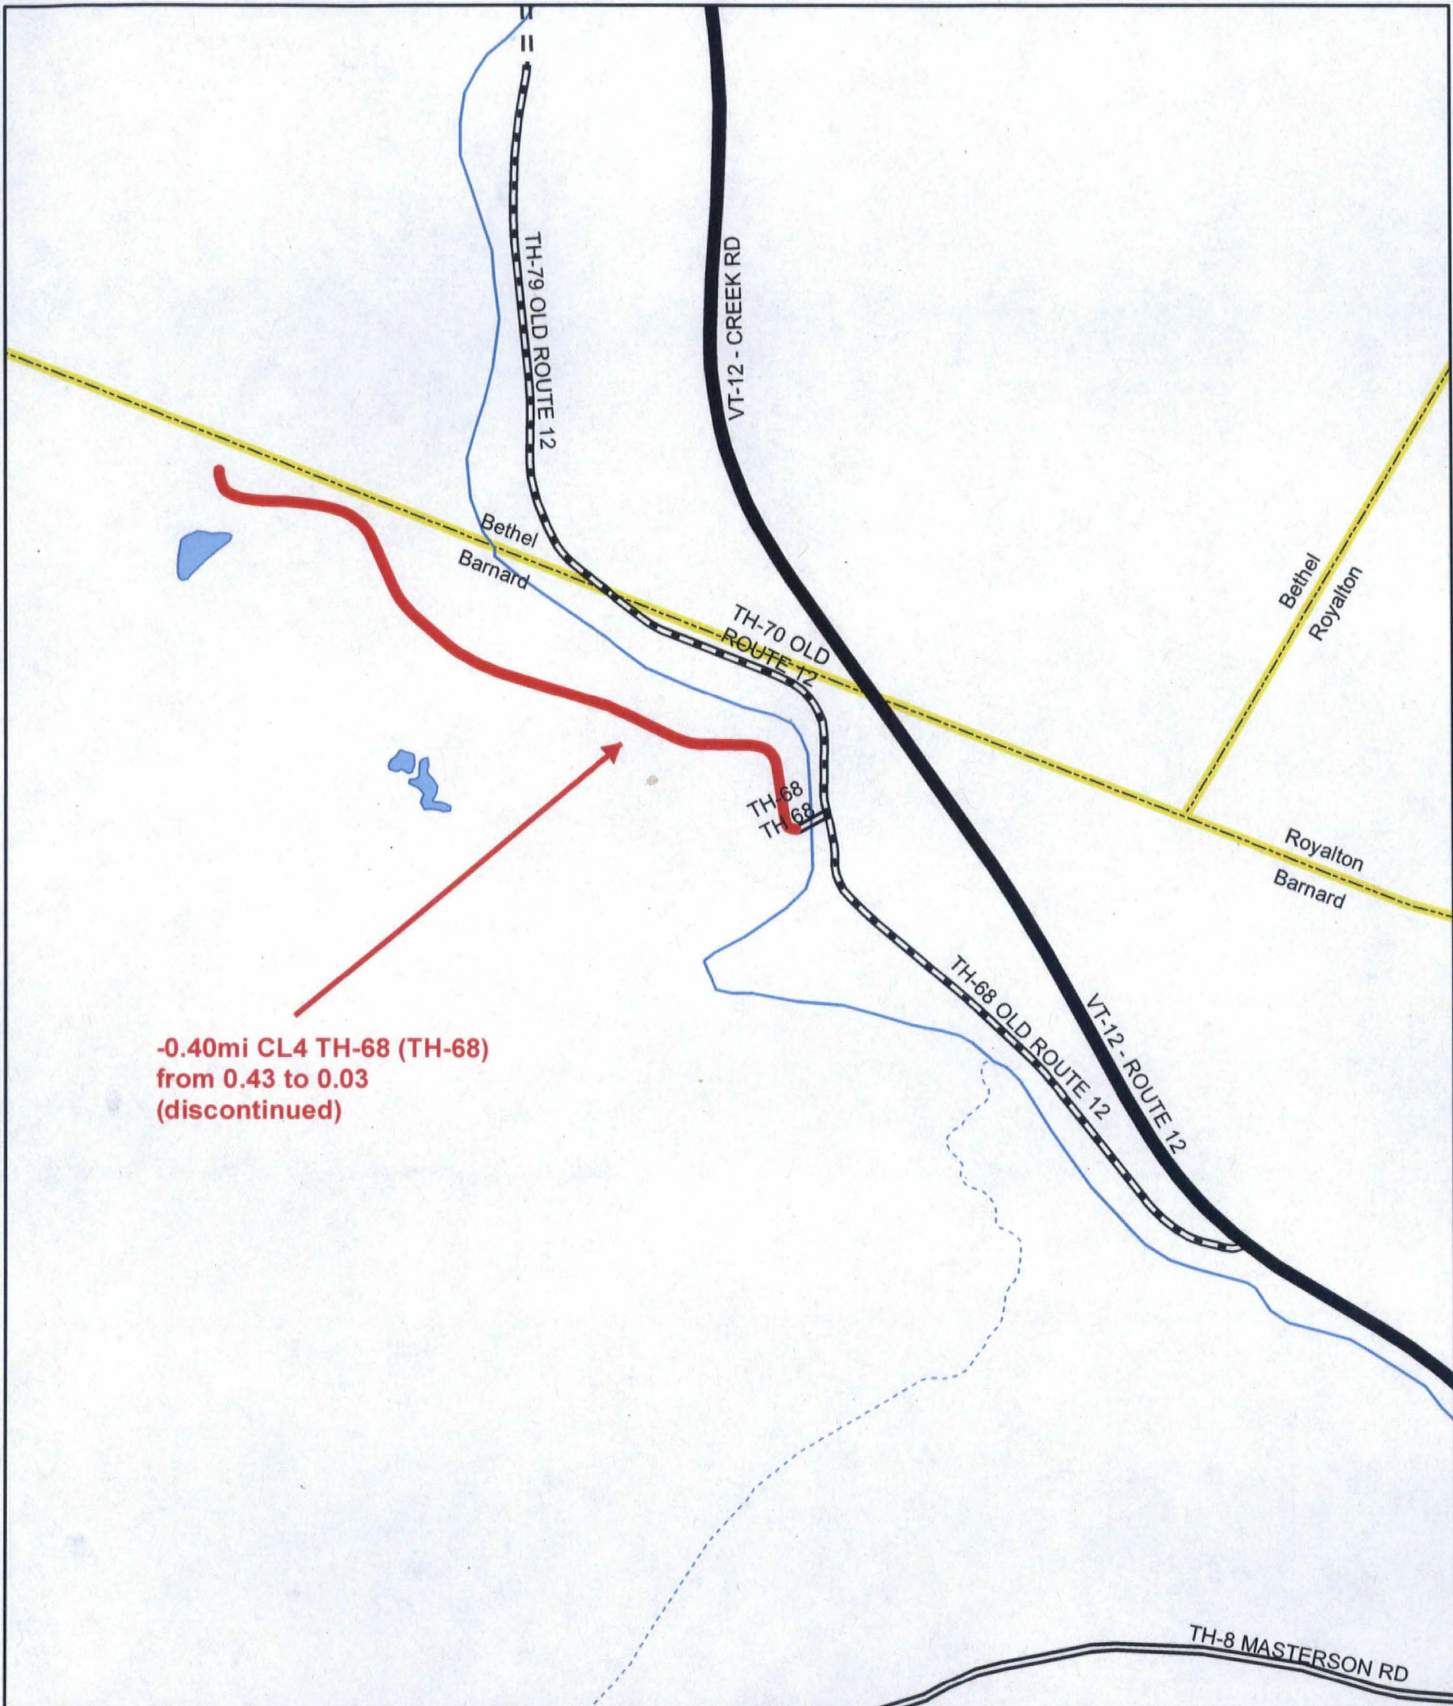

(d) At least 45 days prior to first including a town highway or trail that is not clearly observable by physical evidence of its use as a highway or trail and that is legally established prior to February 10, 2006 in the sworn statement required under subsection (b) of this section, the legislative body of the municipality shall provide written notice and an opportunity to be heard at a duly warned meeting of the legislative body to persons owning lands through which a highway or trail passes or abuts.

(e) The agency shall not accept any change in mileage until the records required to be filed in the town clerk's office by this section are received by the agency. A request by a municipality to the agency for a change in mileage shall include a description of the affected highway or trail, a copy of any surveys of the affected highway or trail, minutes of meetings at which the legislative body took action with respect to the changes, and a current town highway map with the requested deletions and additions sketched on it. A survey shall not be required for class 4 town highways that are legally established prior to February 10, 2006. All records filed with the agency are subject to verification in accordance with subsection (a) of this section.

(f) The selectboard of any town who are aggrieved by a finding of the agency concerning the measurement, description, or classification of a town highway may appeal to the transportation board by filing a notice of appeal with the executive secretary of the transportation board.

(g) The agency shall provide each town with a map of all of the highways in that town together with the mileage of each class 1, 2, 3, and 4 highway, as well as each trail, and such other information as the agency deems appropriate.

SELECTBOARD'S REPORT

DECISION AND ORDER OF THE BARNARD SELECTBOARD CLERK BARNARD, VT

ATTEST:
[Signature]
11/25

REGARDING THE DISCONTINUANCE OF A PORTION OF TOWN HIGHWAY 68

On September 13, 2017, the Barnard Selectboard appointed October 25, 2017 at 5:30 p.m. as the time and place for an inspection and public hearing for the purpose of taking testimony from adjoining landowners and to hear from interested citizens in order to aid the Selectboard in determining whether the public good, necessity, and convenience of the inhabitants of the Town of Barnard would be served by discontinuing a 0.40-mile portion of Town Highway 68.

The portion of Town Highway 68 being considered for discontinuance is described as follows: Starting at a point on Town Highway 68 (sometimes known as Weaver Road) 150 feet (0.03 mile) west of the intersection of Town Highway 68 (Old Route 12) and Town Highway 70 (Old Route 12), which is west of Bridge 35 and the west bank of Locust Creek, and commencing northwesterly to its terminus in approximately 0.40 miles.

On October 25, 2017, the Selectboard commenced a site inspection at the time and place appointed followed by a hearing. No adjoining landowners or interested citizens appeared or offered testimony.

Notice of the inspection and public hearing was provided in accordance with state law. Minutes of the hearing are contained within the Selectboard's minutes for October 25, 2017 and are available at the town clerk's office.

After the hearing and considering the various aspects of this proposed discontinuance, the Selectboard makes the following findings of fact:

- a. The portion of Town Highway 68 being considered for discontinuance serves as the driveway for a dwelling currently owned by Arthur T. and Anne W. Lichtenberger.
- b. By letter to the Selectboard dated August 21, 2017, Arthur and Anne Lichtenberger requested that this portion of Town Highway 68 be made a "private way".
- c. This portion of Town Highway 68 is not maintained by the Town.
- d. The Town has no plans to use this portion of Town Highway 68 for any purpose.
- e. This portion of Town Highway 68 terminates at the Lichtenberger dwelling and does not provide access to any other property.

Based on these findings, the Barnard Selectboard hereby decides and orders that the above described 0.40-mile portion of Town Highway 68 be discontinued as a public highway. It is expressly intended that, upon this discontinuance, Town Highway 68 will cross Locust Creek on Bridge 35 and connect with and terminate at certain private rights-of way conveyed or reserved in the following deeds:

1. Quitclaim Deed from Lichtenberger to McCredie dated October 1, 1993 and recorded at Book 59, Page 336 of the Barnard Land Records, as modified by McCredie,

Lichtenberger and Campbell on August 16, 1998 and recorded at Book 66, Page 150 of the Barnard Land Records, and

2. Warranty Deed from Weaver to Lichtenberger dated June 19, 1939 and recorded at Book 28, Page 208 of the Barnard Land Records.

This decision and order is dated at Barnard, Vermont, this 8th day of November 2017.
