Subject: RE: VT-107/VT-12 Slip-lane Bethel

Good afternoon Joe,

I have taken a look at this and agree with the need for an update. Based on what I am seeing with our alignment data, it looks like the segment is roughly 172 feet and we would round the mileage to 0.033 miles for this approach between VT-107 and VT-12. This is some thing that we should be able to put through our update cycle and get onto the 2026 mileage certificates.

Thanks again for the heads up on this and feel free to send along more of these when you come across them.

Johnathan

Subject: VT-107/VT-12 Slip-lane Bethel

Good Tuesday afternoon Johnathan –

It appears that calibration of mileage is off a bit for the VT-107/VT12 slip-lane in Bethel. The green line below measures approximately 175 ft but has mileage labeled at 0.071 (375 ft). Please verify which is correct when you get a chance. This is not a high priority.

Thank you,
Joe.
