Pete,

I have checked the Mileage Certificate for 1994 and found the addition to TH-45. There was 0.26 miles added on the 1994 certificate and the Certificate of Completion and Opening – dated June 22, 1993 describes the new section as –

“Beginning .590 miles from the intersection of Town Highway 46 on Town Highway 45 and continuing approximately .256 miles over said Doyle’s Road to the Beginning of Tom Doyle’s driveway and Robert Rosenberger’s driveway, with said to include the turn around area that already exists at the entrance of these driveways.”

Based on this, we will extend the town highway section in the RDS data to get the length to better match the description. This correction will be reflected in the 2008 centerline data. I am making the assumption that 879 and 903 Blanchard Road are the addresses served by the driveways for the Doyle and Rosenberger properties.

Nancy-

It looks like the mileage is correct (0.85 in the two segments) but it just doesn't go far enough. The listed mileage is 0.8 but the actual mileage is about 0.6. The portion to the last three houses is about 0.2 so it just may need to be extended. I cc'ed one of the mapping specialists on this so they can check their records. I'll let you know.

-Pete

Sara-

1/2/2008

Can you check and see if Bridgewater added about .2 to Blanchard Rd in 1993? They have records of submitting it and the AOT centerline may just not go far enough south.

Thanks  
-Pete
