9 April 1996

Warren Tripp, Structures Engineer  
Vermont Agency of Transportation  
133 State Street - Administration Building  
Montpelier, VT 05633-5001

Dear Warren Tripp:

The Rochester Selectboard express our sincere appreciation for organizing the meeting of April 2<sup>nd</sup> 1996. The on-site visit, of all concerned, was truly the only way for all concerned to observe and communicate. Bringing about a meeting of the minds, regarding the Lower Rochester Bridge #36 on State Garage Road.

1. We came away feeling that a 24' wide new bridge could be constructed on the existing alignment. That there is real concern for the safety and welfare for the State Garage Road Community.
2. A temporary bridge can be constructed north of the existing bridge, with a temporary easement from the property owner.
3. That the Selectboard will call a public information meeting about the project.
4. The construction date could be as early as 1998 and certainly in 1999.
5. That you will act on our behalf with the Division of Historic Preservation to resolve the dispersal of the existing bridge.

Thank you for your realistic approach to this matter, for a site gathering of other Division Officials, including House Transportation Chairman Richard Pembroke.

Yours truly,

The Rochester Selectboard

Marvin C. Harvey, Chm.

Mary O. Davis
