1.280 miles Class 3

Gentlemen:

Enclosed is the Certificate of Highway Mileage for your town for the year ending February 10, 1983. We have made several changes in the Certificate this year. You will note that this new form does not require notarization. The other major change in this form is the addition of the "PART II" Section, for any town reporting no changes in their highway mileage (see further explanation on ENCLOSURE #1).

Also attached, ENCLOSURE #2, is an explanation and instructions for designation of any mileage in your town as "Scenic Highway Mileage".

For your convenience, the previous mileage and the following change that was brought to our attention during the past year has been entered on the Certificate and is explained below. Any other changes in Class 3 or Class 4 mileage must be entered by you and must be substantiated according to the requirements as explained on ENCLOSURE #1.

Your Class 2 mileage has increased by 1.280 miles which reflects the transfer of Town Highway 27 to your Class 2 System. All required documentation is on file in this office.

One white and two yellow copies of the signed Certificate should be returned to this office no later than February 15, 1983. The designated representative of the Agency of Transportation will approve the Certificate and return one copy to the town.

If you have any questions or need assistance, please contact either Mr. Edward Chabot, Road Inventory Chief (828-2568), Mr. Michael Eling, Business Manager (828-2671), or myself at 828-2675.

Sincerely,

J. E. R. Landry
