Re: Middlesex-Bolton IM 089-2(29)
Item 531.10 Bearing Device

Structures Design
Section

Dear Mr. Connolly:

The following details (Item 531.10 Bearing Device - Revision #1 and welding and bonding procedures) for the above project, transmitted with your letters dated February 2005, and April 7, 2005, have been reviewed and are being returned herewith.

Sheets: 4361R1, 4362R1, 4363R1, 4364R1, 4365R1, 4367R1, 4368R1, 4369R1, Welding and Bonding Procedures
are approved approved "as noted" reviewed

Sheets: 4360R1, 4366R1
are approved approved "as noted" reviewed

Upon receipt of these "as noted" or "approved" plans, please make appropriate changes and submit white prints for our use in the record plans for this project.

You must provide written notice to Vermont Agency of Transportation (VTrans) Structures Section office as to the date fabrication represented by these drawings will begin. **That notice must be received at least seven days prior to that date, as per Specifications 506.03. Any material fabricated prior to the notification date is subject to rejection without further cause.**

Very truly yours,

TVGA Consultants

Kenneth M. Wojtkowski, P.E.
Senior Project Manager
