These plans are subject to such engineering changes  
 as may be required by the Federal Highway Administration  
 or the Client Engineer.  
 Construction is to be carried on in accordance with these  
 plans and the Standard Specifications for Highway and  
 Bridge Construction dated March, 1976, as approved by the  
 Federal Highway Administration on October 27, 1976, for  
 use on the project, including all subsequent revisions and  
 such revised specifications and special provisions as are  
 incorporated in the plans.
