R.O.W. PLANS

FEB 25 1986

Pin# 77A006

These plans are subject to such engineering changes as may be required by the Federal Highway Administration or the Director of Engineering and Construction. Construction is to be carried on in accordance with these plans and the standard specifications for Highway and Bridge Construction dated March, 1975, as approved by the Federal Highway Administration on October 27, 1975. For use on this project, including all subsequent revisions and such revised specifications and special provisions as are incorporated in these plans.
