NOTE:
 Part of agreement between State of Vermont and Clarendon and Pittsford Railroad Company dated 5 Sept, 1936. That for the work of installing culverts under the Railroad tracks, the Railroad shall have full responsibility for removing the rails and ties and for replacing rails, ties and ballast, such work shall be done by force account by the railroad, that the State or its duly authorized representative shall excavate for the culverts, lay culvert and backfill to sub-grade line. That all work for each culvert shall be performed during such hours as may be determined at a later date.
