RE: Bennington AC NH 019-1(54) Revised F-Shaped Median Barrier Shop Drawings

Dear Eric,

The revised F-Shaped Median Barrier Shop Drawings submitted on August 25, 2010 have been accepted, except for the Terminal End Units as depicted in the Assembled View detail. The proposed 3" embedment does not meet the contract requirement of 9" and is not an acceptable substitution. Please revise and resubmit the Terminal End Unit. If you have any questions, please contact me with the numbers listed at the top of the page.

Sincerely,

Judy Gilmore
Acting Resident Engineer
