

GE  
Lighting Solutions

**GTx™**  
**LED Signal Modules**  
8 and 12 inch  
Incandescent look (120V)

GE's 14<sup>th</sup> generation of LED signal,  
leveraging 15 years of experience  
& over 6,000,000 units sold worldwide

**Outstanding Performance**

- Consumes up to 15% less power than GE's previous signal generation.
- Intelligent controller measures usage and temperature.  
Will automatically adjust to compensate for light output degradation over time.\*
- Over-molded electrical connectors prevent water wicking through wires.

**Maximum Flexibility**

- New micro-controlled power supply is packed with advanced functionality that can be unlocked and customized to fit your specific needs.
- Low profile module permits efficient installation into existing traffic housings.
- Power consumption levels allow compatibility with most controllers.
- Offers multiple dimming configurations for ultimate customization.\*\*
- Mask compatible to fit your unique signaling needs.\*\*\*

**Meets Rigorous Certification & Testing Standards**

- Intertek ETL Verified compliant.
- Compliant with ITE VTCSH LED Circular Signal Supplement dated June 27<sup>th</sup> 2005.
- CSA approved.

\* Compensation levels vary depending on color.

\*\* Customer controller and load switch compatibility testing may be required.  
Please contact your GE representative for details.

\*\*\* Sold separately. Refer to masks datasheet TRAF208.

The Greatest Signals Stand the Test of Time.™
