Project Name: Sycharfield Bridge Replacement Project No. BRS-BS 011X8
Structure Identification: Bridge No. 44 Fabrication Of: Down Spout

The following Down Spout details for the above project (Vendor's Job # 2148)

transmitted with your letter dated 2/21/97, have been reviewed and are being returned herewith.

Sheets: DWG, F1
are approved approved "as noted" reviewed

Sheets:
are to be reconsidered (note comments in red) and resubmitted for final approval.

There shall be no fabrication done until all drawings and welding procedures are approved. You must provide written notice to Vermont Agency of Transportation (VAOT) Structures Division office as to the date fabrication represented by these drawings will begin. That notice must be received at least seven days prior to that date, as per Specifications 506.03. Any material fabricated prior to the notification date is subject to rejection without further cause.

Sincerely,

Sam A. Hall
Project Engineer

SAB/ham
