

Gore Area  
Gore areas to include 8 inch channelizing line and dashed line.  
Per Standard Sheet E-191.

D. Edge Lines  
~~When specified, edge lines are not required until completion of the project. Edge lines should be applied where traffic volumes are high and/or during periods of several days to anticipate in these instances, paint or RMI's can be used as the interim marking material to be paid under the appropriate bid item. RMI's should be reflective temporary markers on a 6" spacing pattern and the same color as the line they are substituting for.~~

E. Prior to acceptance, the pavement markings shall be completed for the entire project by the Contractor as detailed on the plans or directed by the Resident Engineer.
