DATE: October 12, 2012

Merrimack Sheet Metal
119 Hall Street
Concord, NH 03301

Project Name: Newport City Project #: BRO 1449(25)

Structure Identification: Bridge #9 over the South Bay of Lake Memphremagog

The following **Item 900.640, Special Provision (Bridge Railing, Galv. Metal Baluster Railing/Concrete Parapet Combination)** details and welding procedures for the above project transmitted and received by our office on October 3, 2012 have been reviewed and are being returned herewith.

Sheets: **F1, F2, F3 and the welding procedure are approved “As Noted”.**

Please make appropriate changes as indicated on these “as noted” drawings and submit white prints for our use in the record plans for this project.

You must provide notice to our fabrication inspector, Jeff Clark, as to the date fabrication represented by these drawings will begin. That notice must be received and acknowledged at least seven days prior to that date, as per Specification 506.03. Jeff may be contacted by phone at (802)828-0044 or email at jeff.clark@state.vt.us. Any material fabricated prior to the notification date is subject to rejection without further cause.

Sincerely,

Carolyn W. Carlson, PE
Structures Project Manager
