April 21, 2008

Casco Bay Steel Structures, Inc.
75 Spring Hill Road
Saco, Me 04072

Project Name: Richford Project #: BHF 0302(3)S
Structure Identification: TH #2, BR #41 over Missisquoi River

The following shop drawings and welding procedures for the above project (Vendor's Job # 361) transmitted with your letter dated March 28, 2008, have been reviewed and are being returned herewith:

Item 506.60, Structural Steel, Sheets M 1 and M 2. These sheets are "**approved as noted**". Upon submitting extended weights for our approval, please make appropriate changes as indicated on these "as noted" drawings and submit one set of white prints for our use in the record plans for this project.

Item 516.11, Bridge Expansion Joint, Vermont, Sheet J 1. This sheet is "**approved as noted**". Upon receipt of this "as noted" drawing, please make appropriate changes and submit one white print for our use in the record plans for this project.

Welding procedures. Sheets #1 SW, 104, 101, 105, and 401 are "**approved**".

You must provide notice to our fabrication inspector, Jeff Clark, as to the date fabrication represented by these drawings will begin. That notice must be received and acknowledged at least seven days prior to that date, as per Specification 506.03. Jeff may be contacted by phone at (802) 828-0044 or email at jeff.clark@state.vt.us. Any material fabricated prior to the notification date is subject to rejection without further cause.

Sincerely,

A handwritten signature in cursive script that reads "Warren Tripp".

Warren Tripp, Project Manager
