WISCONSIN BRIDGE
The Wisconsin Bridge is a covered wooden bridge that spans the Wisconsin River. It was built in 1887 and is one of the oldest covered bridges in the state. The bridge is made of local lumber and has a unique design with a lattice-work exterior. It is a popular spot for fishing and scenic views of the river.

SCOTT BRIDGE
 Longest Wooden Span in Vermont

This 277' bridge, built in 1870 by Harrison Chamberlin, consists of two king post trusses and a 166' Town lattice truss. The latter was the longest wooden span in Vermont. In 1991 a concrete pier was constructed to provide support. An earlier attempt to strengthen the bridge with the addition of a laminated bow arch was not successful.
