السلامة

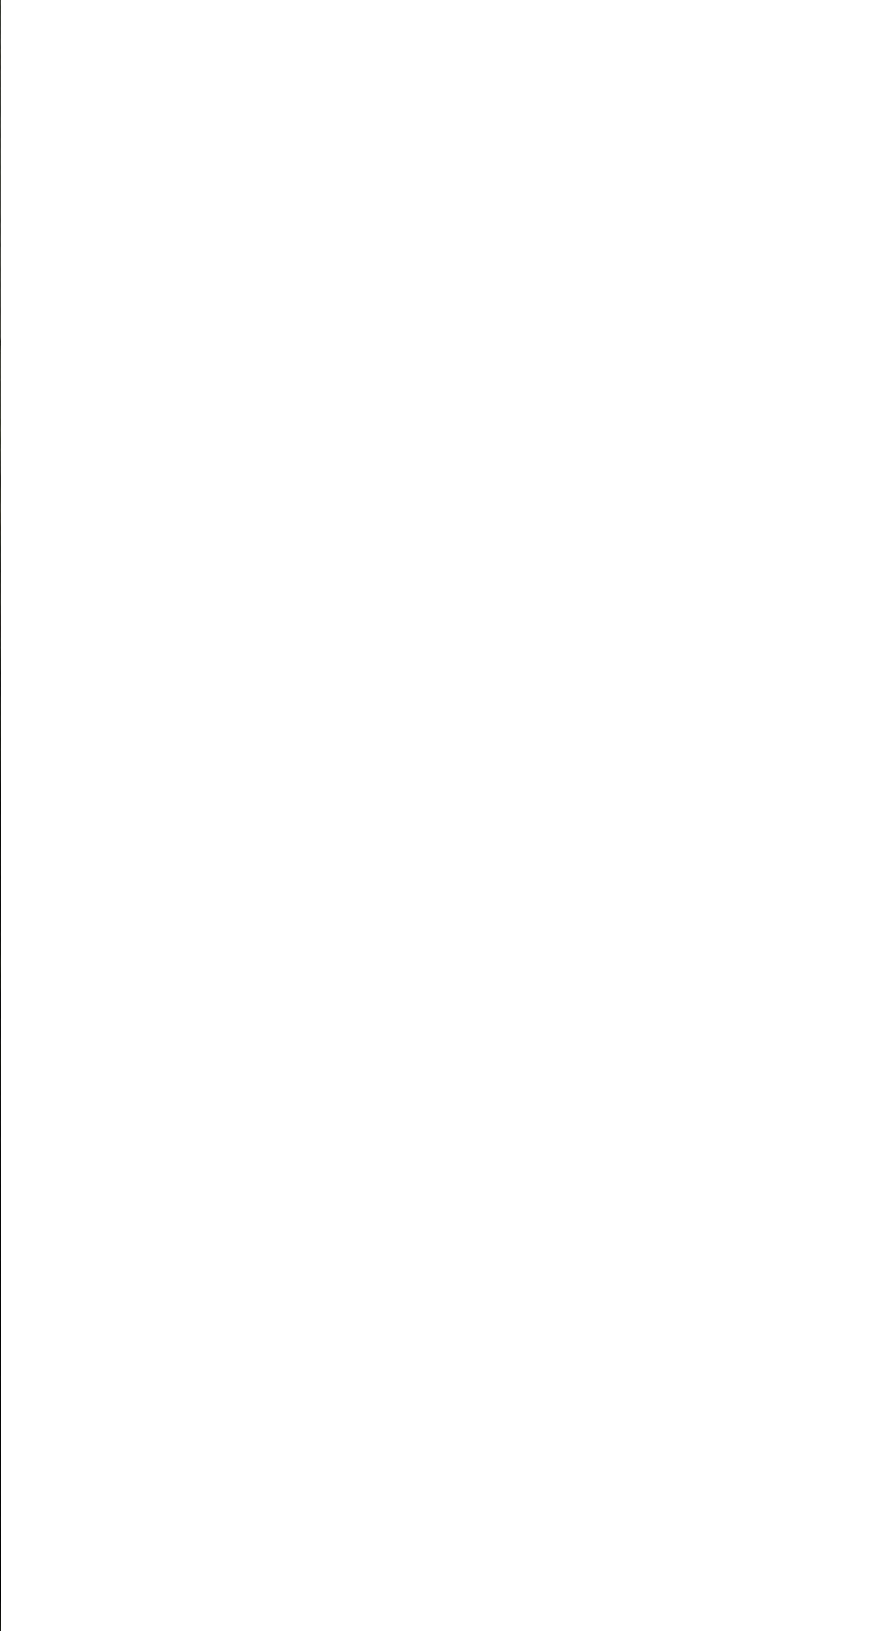

Handwritten graffiti on a concrete wall. The graffiti consists of a large, stylized graphic element resembling a rectangular shape with a green left half and a blue right half. Below this graphic, there is white spray-painted text in a stylized, cursive font. The text is partially obscured by shadows and appears to read "LIFE IS A JOURNEY" on the left and "DON'T STOP BELIEVING" on the right. There are also some smaller, less legible markings and a signature-like scribble at the bottom right of the graffiti piece.
