

A photograph taken from underneath a bridge, showing a concrete pier. The pier is covered in green graffiti that reads "AMEE". The concrete is cracked and shows signs of weathering. Above the pier, several dark metal beams are visible, supporting the bridge deck. The ground in the foreground is a mix of dirt and concrete, with some debris. A date stamp "06/06/2013" is located in the bottom right corner.

AMEE

06/06/2013
