A photograph showing a close-up view of a concrete structure, likely a bridge or pier. The image features a vertical concrete pillar on the left and a horizontal concrete beam extending from the top right towards the center. The concrete surfaces are weathered, with visible staining, discoloration, and some surface erosion. The pillar is partially submerged in dark water, which reflects the surrounding environment. The date '06/08/2020' is printed in orange text in the bottom right corner of the image.
