A close-up photograph showing a concrete curb on the right side, which is cracked and damaged. To the left of the curb is a dark metal structure, possibly a gate or door, with a bolt visible at the top. A piece of white material, possibly a piece of paper or fabric, is wedged between the metal and the concrete. The ground below the curb is covered with gravel. The date "08/11/2020" is printed in orange text at the bottom center of the image.

A photograph showing a close-up view of a red-painted metal truss bridge structure. The bridge spans across a body of water, with a concrete pier visible in the background. The image is oriented vertically, with the bridge structure running from top to bottom. A date stamp '08/11/2020' is located in the bottom right corner of the image.
